THE SAND CASTLE COMPETITION!

Justin Schoeneman was MC for the sand castle competition. The teams were made up of each of the cabins, and the aim was to create the most unique and most eye catching sand castle. The winning cabin would win a free canteen! The competition was tough, and so many competitive campers were coming up with all sorts of fun designs. Sand dragons, sand tunnels and sand caves were just a few of the creations built, amongst many others. The lake front looked phenomenal! Cabin four were the winners, followed by cabin thirteen in second place and cabin three in third place! AJ

TURNELL, AIDAN SHELEDY, BECKETT NELSON, JAMES POPLAWSKI and MICKEY RACESTEIN were so excited about their win, that they quickly ran back to their cabin to prepare for their naked shower, and then to have their free canteen! BECKETT NELSON gave me his thoughts on winning the sand castle competition with his fellow cabin campers "Our cabin was great, I think we all had ideas that were so good so we just helped build them all as a team!"

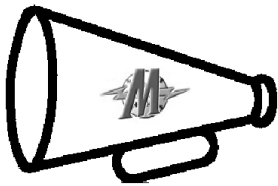

The Twilight League – SAM GOODMAN and JACK FORMAN

Twilight League is usually played in the evening. However it started off with a bang yesterday during the day. Right at the end of the campers having their pictures taken, Steve played the signature Twilight League song "Centre Field", which got all of the campers pumped up and ready to get their game faces on! Steve proceeded to call all the campers into Wasserman Hall, where ROBBIE APPLEBAUM and TAYLOR "TAYTAY-BOBO" BEAUSEIGNEUR took over and announced this year's teams. The four senior captains for the senior teams are, JOSH STONE, LEVI SCHULMAN, DANIEL BEN-ISVY and RYAN BLUM. The four junior captains for the four junior teams are

JACK BEHAR, MICAH SCHULMAN, ETHAN HASSON and KYLE MION-SPIESZ. - Josh Stone's team played against Daniel Ben-Isvy's team. Josh's team won in the end 18 – 5. Everybody contributed equally towards the win. Levi and Ryan's team played against each other. It was such a gripping game. Levi's team had so many spectacular catches because of their defense strategies. In the end it was Ryan's team who won 7-6. Respectively Noah Lazarus was the MVP for Ryan's team. The juniors also had a jam packed morning during Twilight League; Jack Behar's team played Micah Shulman's team and beat them by 11-7. Ethan Hasson's team played against Kyle Mion-Spiesz's team and won 33-21. All of the boys played so well and it was agreed that the MVP for Ethan's team was ZACH BEN-ISVY! Well done everybody who participated. Good job!

WEATHER REPORT

Tomorrow's Weather 73 F

A thunderstorm is on its way!

But there is nothing stopping the fun here at Camp Menominee! Please make sure you have your sun screens on no matter what the weather!

Canteen Appreciation!

This is my first year at Camp Menominee. I think the Canteen idea is amazing. It's so refreshing to have something sweet and icy after a long, hard day of activities! – BRANDON BELGRAD

CANTEEN!

Once again, Canteen is back for another year! Canteen is a privilege. It happens on a daily basis before flag and after you have dipped and showered and are wearing CLEAN CLOTHES. No other camp does this other than Camp Marimeta and us. There is no double dipping; you're allowed just two canteens per night, you can have one candy and buy a soda if you have one dollar, or you can have two candy's if you have one free canteen. PLEASE make sure that all of your wrappers and empty soda cans are thrown in to the correct recycling bins. Good manners go a long way, so remember to say please and thank you whilst being served by the canteen counselors.

Canteen is on Monday – Saturday, and you line-up by canteen number. On Sundays the canteen works on a first come first serve basis.

GENERAL MOMENT!

By Benji Friedman

So, this General was a great general! It was the one we did after Twilight League. My friend RYDER SPECTOR and I went tubing with BEN KAPLAN. The wind was blowing so hard on us and the crazy turns the boat driver, Dwayne, was doing, were so awesome, that we then decided to stay at the waterfront and swim after getting off the boat. Ryder and I were swimming buddies. When we jumped in we were so cold, but nowhere near as cold as the swimming test we had to do on our first day back! We swam up to the trampoline and started bouncing on it. We then saw our friends TYLER BORSTEIN, BEN KAPLAN again and WALKER NELSON who we asked to come join us on the trampoline. We were having such a fun time, we went down the slides on our stomachs, backs, eyes closed, eyes open and everything. There were huge splashes everywhere! Best General ever!
