Menominee Vs Kawaga by Editor

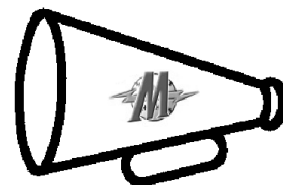

The time was right and the boys were ready. It was Wednesday 23rd July, the day we had all been preparing for, the first day of competing against camp Kawaga. There were many great moments over the two days; the highlights were the 16a Softball game, 16a Hockey game, 16 under Riflery and Tennis games. The 13 under highlights were the 13a Softball game, and the Hockey game and the 11 under team did very well at Tennis, Hockey, Riflery and Archery. Every single one of our campers put in their heart and soul in each and every game they played that helped towards creating some great memories and awesome sportsmanship. Just to name a few boys, REID KANTER, LEVI SCHULMAN, JAKE SWEIG, NOAH LAZARUS, ADAM SAGERMAN, RYAN BLUM, TKD, on first base, and JARED LOIBEN helped win the 16a Softball game 17-11. The 16 under Hockey game was so intense. We watched RYAN GENENDER score two beautiful goals and ETHAN WEISS didn't let one goal

past him in goals, we won the game 5-0. Thanks to MAX SHAPIRO and again ETHAN WEISS, we did extremely well at Riflery and without the two best Tennis players in the Northwoods area, LEVI SCHULMAN and JOSH BELGRAD; we also won the 16 under singles round in Tennis! The boys in the 13 under age-group made us very proud as well. During the 13a Hockey game, REMMY DOYLE scored a hat-trick, playing alongside JAKE HOODAK, WILL FRIEDMAN, CONOR WALL and ROBBIE YASTROW. The 13 under Softball games over at Kawaga were all said to be played exceptionally well by our boys. JOSH GOODMAN scored 3 run homeruns; MATT LAZARUS got 2 home runs and BENJI SOREN got 2 strike outs as pitcher. The youngest boys in the 11 under games also did a fantastic job and their games. LEVI PASIKOV, SAM GOODMAN, JACK FORMAN and MICHAEL RAY DeSOMBRE were noted as playing exceptionally well during Tennis. The Hockey game was the exact same as the 16 under game, intense and filled with excitement. TODD LAZARUS, BECKETT DOYLE, MAX BEERMANN, MORGAN BROOKS and JACOB SHERMAN were the boys who skated like professionals over at Kawaga and for Archery and Riflery, LEVI PASIKOV, JAKE JONES and TODD LAZARUS won both games for us! The one game that everyone was talking about and probably will talk about for many, many years to come had to be the final game of the competition, the Wrestling. All throughout it received the loudest cheers and round of applause. We won the game 57-30! From the lightest boy BRADY WEISS to the heaviest TKD, there was no stopping Menominee from pinning down the Kawaga clan. Our boys played like they were made out of steel! There are not enough words to express just how much we appreciate all the boys' hard work and positive spirits that they had throughout the two days of competition, but they know that everything they did will be forever cherished by STEVE and BARI and everybody else here at camp. I have only named a few of the guys in this article, there will be more in debt articles coming up in the new few editions of the Megaphone written by either the couches or referees of the certain games and in them you guys can get more of a feel of the games. Kawaga won overall 37-29, but we definitely won the games that meant something to us as a camp, Softball, Hockey and Wrestling. Well done!

Second Session: The Waterfront by Ben Major

It's not been the busiest two weeks of the second session down at the water front, due to the cold weather, but it's definitely picking up now that it's getting gradually warmer. Never the less, there have already been some Menominee firsts as well as a few new additions to the Super Secret Society of the Green Caps. SAM MILLER managed to get up on skis for the first time. JACOB SHERMAN, ROBBIE BRINGAS, LEO NECHELES, WILL FRIEDMAN, DOMINIC HAMILTON, CONOR WALL and BRADON BELGRAD all got up on two skis and did a full lap of Sand Lake to earn

themselves the coveted green cap. Special mentions go to MAX WEINGARDT who, with the help of ANDY SCHOFIELD never gave up on trying skiing and finally earned his well deserved green cap too! Another goes to MAX SHAPIRO who, with his very first cast, caught a large Crappie and is still the only fish caught this session. The weather has definitely started getting warmer and more and more campers are making their way down there every general. Especially the younger boys like AIDEN CAMPBELL and JOEY HOFFMAN and even the older boys like HARRIS GREENBAUM and ANDREW MILLER. There are still two weeks left of camp guys and the weather is looking to stay warm, so why not come down to the water front to earn yourself a green cap, signed by the man of America himself, KOZ! Or the other options are to go for a swim, or to get one of the many counselors and CIT's (who you could buddy up with) and get flown up in the air by having them jump on the new Blob! As a life guard, I always see so many laughing faces and so much fun being had. It's a great view looking down from that chair, I can tell you that!

Weather Report

Tomorrow's weather is looking a little gray! Lucky Canteen Number 111. A high chance of a storm but it will still be scorching hot with temperatures hitting 79 F!

Random Facts of the Day!

- Pearls melt in Vinegar
- You burn more calories sleeping than you do watching television
- Cats sleep 16 to 18 hours per day

Counselor Profile

Name: Dave Harrison
Age: 21
From: Leicester, UK
Activities: Life Guard, Boat Driver, Soccer and Archery
Favorite Sport: Field Hockey
Favorite Athlete: David Beckham
Favorite Film: The Longest Yard
What do you want to be remembered for: I want to be remembered for being a nice, relaxed counselor who the campers will remember for positive reasons
