SONGS AND CHEERS!

Quote of the day: "I'm drunk on donuts!" - TYLER BORSTEIN

Everybody was called into Wasserman Hall yesterday evening to take part in the annual Songs and Cheers Night! The senior campers were looking and feeling very energized to show their singing and cheering talents off! They started their cheering with the iconic "senior cabin, senior cabin, senior cabin" chant, and then proceeded to show the new campers what the songs and cheers night is all about. There was initially a five song medley that all the new campers will need to learn. It included, "Menominee, Menominee" followed by "Hail our Colours", "Hail to Menominee", "Bright as a Sunburst" and "Menominee we sing!" The campers and counselors who have been coming here for many years did continue on to sing more songs such as "Titanic" and "One for all for Menominee" too! Lucky Canteen Number 22. Woody allowed the new campers to have a shot at singing the songs as well. They were all given a sheet with lyrics on them and for their first attempt, they did exceptionally well! The atmosphere was brilliant in Wasserman Hall. All of the new campers were so impressed and taken back, they were all jumping and clapping the evening away! Woody then decided to tell everyone a few jokes, which definitely got the place laughing out loud! I spoke to one of the senior campers MAX SHAPIRO; his thoughts on the Songs and Cheers night, "The song I sang was called Boom Chick a Boom. I've been coming to Camp Menominee for 8 years and I felt like I had to do it, it's my favorite camp song!"

Question of the day: "Woody, could you star in a Comedy Night for us? - WALKER NELSON

Arts and Crafts!

JACK FORMAN: I've been inspired to make anything, including this chair. This chair that I've made I feel can be used at the camp fire and I feel it would look nice in my cabin as well. It will make it look more homely and because it's made out of wood, it still contributes to the camp site environment.

WEATHER REPORT

Tomorrow's Weather 72 F

Mainly dry, some light showers and a high possibility of massive amounts of fun!

Did somebody catch a fish?!

Well done, MYLES RACENSTEIN for catching two massive pikes! "I started off with a rod that was pretty good, but it unfortunately got taken away from me whilst I caught my first pike. Jacob Simon then made me a new rod for me, and with that one I then caught my second pike! It was an awesome feeling!" – MYLES RACENSTEIN.

What do you want to be remembered for at Camp Menominee? I want to be remembered as somebody who was a good guy and who campers looked up to. I want to set an example for being a leader, not a follower.

HAPPY BIRTHDAY JACOB "BALLS" BARSTACK! We hope that you had a fantastic day celebrating your 19th birthday, here at Camp Menominee!
