## Beach Nucomb Heats Up!

On a very rainy and windy day, in the Syracuse activity period, a tense game of Beach Nucomb was underway! The aim of the game is to throw the ball over the net, and the other team has to catch it before it hits the ground. You can only catch it for three seconds though! There are two teams, Team ANTS and Team HELI's. The final score is 18 - 13 to Team ANTS for the first game, and SAM GOODMAN, MAX BEERMANN along with DANIEL MALIS celebrate their victory in style. For the second game, MAX heads over to the Team HELI's to switch with DAVID ROSARIO to even out the game. With some really impressive shooting from MAX, the score of the second game is 11-3. JAMES POPLAWSKI, EVAN HESSEL and MAX all put in some really good play, and DANIEL's serves are sly but effective. A lot of people use the saying "you have fun in the sun", but this time it was obvious that it wasn't true, and everyone had a lot of fun in the rain. Lots of fancy shots made this game a great one to watch!

## The Thunderstorm: A First Hand Account

Yesterday morning's thunderstorms were quite something extraordinary. I was awoken by a screaming sound. Trying to figure out what had happened, I looked around at the windows. Outside the window, rain was pouring down hard. It all seemed really calm, and then suddenly...BOOM! I didn't catch the lightning, but it was still kind of scary. The other campers in my cabin seemed pretty scared too. The wind had blown one of the windows open and the wind was really strong. One thing that was weird was that every time the wind came through the cabin, it opened the spring door outside and made a "BAM!" sound when it slammed shut. Although it was quite a scary time, everyone in the cabin laughed afterwards. I'd say this was a funny experience to me.

We're going to be treated to a light show tomorrow!

Congratulations to CHARLIE RATTERMAN and JACK FORMAN, who both got up on two skis for the first time today at the waterfront!

## Woodwork and the start of Cabin signs!

By ANDY PRATTENT

Today's General activity period consisted of some great and constructive arts and crafts work, and everybody involved was hard at work. The task on schedule was to make unique cabin signs out of woodwork. Working with wood is always a popular choice with the boys, and today was no exception. TODD LAZARUS was hard at work creating a sign for Cabin 6, whilst JAKE GOODMAN somehow managed to glue his hands together. The boys from Cabin 6 all teamed up and created a mini plaque, whilst JUAN GIRAULT relaxed comfortably whilst making his sign in the studio. Hopefully in the near future, the Arts and Crafts department will be able to start on some awesome projects, such as working on sketchbooks and even making their own prints.

## Final Four Tennis Training

Today in the Final Four Tennis activity period of Wichita State, four campers were working away hard at their tennis skills to try and up their game.

An intense serving session held by TERRY JONES was underway in an effort to hit a perfect serve every time. NATHAN FRIEFIELD was found on the court at the time, and his serving success percentage had improved to 70% when considering the entire session. LEVI SCHULMAN and ALEX FORMAN were also found on the camp courts, and were making sure that their serves didn't pass the designated box.

As the famous saying goes, practice makes perfect! So keep up the hard work guys and you'll just keep getting better.
