Senior Football Training Brings Big Scores

It was a sunny Wednesday afternoon outside in the Final Four activity, and the Seniors had come out to improve their game. The greatest thing about Final Four is that it helps you bring your skill level up, rather than just an ordinary match between two teams. The heat was pounding down on the senior campers, but their perseverance meant that they weren't going to quit any time soon. In practice and warm up, there were a few stand-out characters that stood apart from the rest. ANDREW BLECHMAN was on his A-game, playing better than ever and testing his skills to the limit. It was important for the guys to understand that a no-huddle offense strategy was the key to success, and ANDREW helped demonstrate that very well. Two other well-deserved mentions are NATHAN FRIEFELD and ETHAN WEISS. Both of these guys displayed amazing talent at various positions in the field, and are ones to look out for when our inter-camp competitions get underway. The new defensive line-up our team has is 'the x-factor', and one of the greatest formations that I've seen. DYLAN FRIEDMAN plays that role excellently, and I personally would consider him as the team's safety net. This is the very same team that had destroyed Timberlane, so it's noteworthy that the 61-0 win had boosted the team both mentally and physically in training. JARED LOIBEN's defensive work is second to none, and his attributes make him a star player on the pitch, having great co-operative skills and a feel for the pitch that allows him to know where his teammates are. When it comes to players on the line, TYLER KOELHER-DAVIS provides the intimidating power that Menominee needs when facing up against any opposing team. Definitely not a force to be reckoned with! I'm really happy about the team we've got this year. It's a big improvement on last year's team, and the teamwork that the guys possess is incredible. We're not going to be happy with second place, we're in it to win!

Shooting To Win

An impressive number of boys signed up for MCAA League Riflery, and under the afternoon sun, they were covered by the shade of the firing range. Although the relieving shade of the range helped out the accuracy, the heat was soon rising and the pressure was on. Sharpshooter TODD LAZARUS was present, and the range is like a second home to him. As always, TODD shot solidly, and retained some impressive scores. BENJI GAU was another name to look out for, and his level of effort is definitely worth a mention. Lucky Canteen no. 61

GUS MANRIQUE, SHANE OLSON, ZACH ZELMAN and WILL FRIEDMAN were all aiming down the sights too, trying to beat TODD's solid scores and shots. Eager faces watched on awaiting their turn in the spotlight as they queued up to make every shot count. Instructed by counselor ANDY SCHOFIELD and I, the talent that's found in the Longhorn league period offers a riveting competition!

We're Havin' A Heatwave!

As you all would have noticed, the sun's been out for the past few days, and it's been incredibly strong too. The past 3 days have been well into the 90s, and it's only just begun to cool off. The weather predicts storms and thunder, however the predictions are rarely right as it's so unpredictable. Although we've experienced rain today, we'll never know what the next day holds. Hold on tight to that water bottle.

ILLIAN FARBMAN tries his luck at the climbing wall

It's All At The Wall

By LEVI 'VICE' PASIKOV & SAM 'SHARK' GOODMAN

On an extremely sunny day in the Wichita State activity period, we headed off to the Climbing Wall to try and witness some people reach the top. When we got there, we saw JEREMY SEGAL and DANIEL GOLDSCHMIT climbing the log side of the wall. The counselor present, CALUM MAKIN, made them an offer they couldn't resist. If they were able to make it to the top, they'd each receive a free canteen.

Both guys were displaying excellent teamwork, as JEREMY and DANIEL were both helping each other up if they were behind. JEREMY, being younger, was struggling to get DANIEL up, but they were making great progress. It was a struggle to get to the fourth log, but both of them showed great determination, and really did put in a lot of effort. Whilst trying to tackle the remaining six logs, the boys had a plan. When DANIEL reaches higher than JEREMY, he would wait and let JEREMY use his knee as a step, and vice versa when it was DANIEL's turn to step up. With a helping hand from JAKE ZWEIG, CONOR MURPHY and CALUM MAKIN, the guys reached the 7th log just as General was announced. Great job JEREMY and DANIEL! Next time you can aim for the 10th log!

Just Over The Net

There's always something interesting to watch in the MCAA Leagues, and today was no different. I was lucky enough to be holding the Junior and Intermediate Nucomb match between Team Brown and Team Rust. The sun was out and there was breeze blowing; the perfect setting for a great match. The match was extremely close, and Team Rust played very well to snatch the first game from Team Brown's hands. However, star players TODD LAZARUS and GAVIN BRAMWIT led the charge in the second game. Fueled by the loss of the first game, the duo carried Team Brown to a victory.

Team Rust were hit by the victory of the opposition, but their strong teamwork and willpower allowed them to pick themselves up from the loss. SAM GOODMAN and BENJI FRIEDMAN of Team Rust shone through the line-up, and demonstrated some excellent serves and returns. In the end, the third game went to the guys of Rust, and a well deserved win too. The boys of Team Brown came very close. However a few miscommunication errors cost them the match. Congrats Rust!
