Menominee Way Trait Week 8: Leadership by Editors

Each Sunday night, the CIT's present The Way. This ceremony highlights a specific pillar of what our camp calls the Menominee Way. This week the CIT's decided to discuss leadership. In their opening remarks about the trait they said:

A leader is one who guides, exemplifies and influences others in a positive way. A leader is one with a loud voice, however, their actions speak louder. One who leads makes a memorable and acknowlegable impact on those they surround. The following nine individuals act as leaders throughout camp.

Congrats to the following nine individuals on their commendable leadership throughout CM.

ASHER DIAMOND was recognized for his leadership, despite his young age. Whether he is out at Twilight League or scrimmaging on the Mike Dunleavy Courts, Asher can always be heard leading his teammates in a postive manner.

MATTHEW HARFIELD recieved the leadership award because of his unwavering enthusiasm. In the mess hall, he is always heard leading his cabin in cheers. He is also a leader during cabin cleanup, in which his cabin has been very successful.

HARRISON HOFFMAN was nominated because of his ability to lead by example. Even though he isn't the loudest, he makes his presence known through his actions. He is a natural born leader during Green and White events or out on Woody's Pitch.

GAVIN PICKLIN is a leader throughout the Friendly Confines. As a Twilight League captain, Gavin is always communicating encouragement and strategy to his teammates. Also, Gavin is one of the older intermediates, which allows him to be a leader of that age group.

JACK KAPLAN earned the leadership arrowhead because he is always a leader no matter the activity. As one of the best athletes at CM, Jack leads by example on the courts and fields. In other off the court activities, Jack always exhibits unrivaled enthusiasm.

TODD LAZARUS has had plenty of opportunities to be a leader here at camp. As a two time member of the Senior Cabin and an overall Green and White captain, Todd knows exactly how to lead a large group of campers to victory.

JONAH WEISS is one of CM's most experienced counselors, with it being his fifth year on staff. Because of his experience, Jonah has become a leader around CM through the intesity and enthusiasm he brings to camp. Jonah's leadership abilites were evident when he coached 11A and 16A football to shut out victories versus Kawaga.

CHRIS LANGFORD was recognized for his great leadership qualities, despite it only being his first summer here at the Friendly Cofines. Within days of learning how to set up a sail boat, Chris became head of sailing and has made sailing one of the most popular waterfront activities.

JULIUS ONI was awarded the leadership arrowhead because of the hardwork and dedication he put in this summer as CIT director. Julius always lead by his actions, teaching the CIT's how to become quality staff members for the coming years.

Doc's Run by Editors

Many years ago, Dr. KENNY MILLER started Doc's Run to promote exercise, activity, and goal-setting here at CM. Yesterday, 50+ eager members of the Menominee Family took part in the 4.5 mile run (or walk). The run begins at the intersection of County Rd. O and Hwy. 70 and ends at the front gates of the Friendly Confines. Great job to every participant who woke up early in the morning. As DOC MILLER said, "Everyone who participated is a winner!" Here are the individual times of each runner:
