BOND FALLS by Eli Bernick

The weather at the start of the day didn't look very pleasant, but the clouds soon cleared up and helped the blue skies come through, just in time for us to start our journey to Bond Falls. As the cabin three campers crossed the Wisconsin-Michigan border, it was clear that we were breathing pure Michigan air. They had no idea what they were going to see other than COOPER SPECTOR, already an experienced Bond Falls participant. He knew what was coming as he went last year, but said he "had more fun this year because he got to swim and see the waterfalls in all their glory up close!" The big class five rapids roared cascades down into the apparent abyss. All the campers enjoyed themselves and will cherish this memory for a lifetime!

The Canoe Trip by Drew Hollins

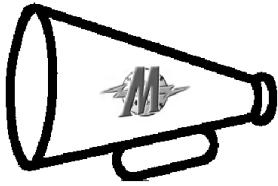

On Wednesday 2nd July, cabin seven led by their counselors set off on a two day canoe trip down the Wisconsin River. The river was calm, the sun was shining and everybody was having a great time! That was until MICAH SCHULMAN, JACK BEHAR and DAVE HARRISON got themselves stuck on a rock. After a lot of padding they managed to free themselves but then got stuck again! We paddled for around three hours down the river and then met KOZ and went to our campsite. A highlight of the day was when BEN MAJOR and LEVI PASIKOV spotted a huge bald eagle

flying over them. We camped out in the woods with cabins four and six and had a real camp fire with S'mores. On the second day of canoeing, we paddled a faster part of the river which meant we had lots of rapids and rocks to deal with. KYLE MION-SPIESZ and DREW HOLLINS got through unscathed but one of the other canoes nearly tipped over with ETHAN HOTT in it. JUSTIN SCHOENEMAN had a spot of trouble and almost hit TAYLOR BEAUSEIGNEUR and DANIEL MALIS with his canoe. Overall it was a fantastic trip that made memories which will last a lifetime!

Menominee Vs Timberlane Seniors Riflery by Jacob Simon

We faced off against Timberlane knowing that we had a tough match on our hands, but with crack shots like JUSTIN OLSON and JAKE ZWEIG I felt that we had a fighting chance. Timberlane brought only one shooter so we decided to do highest score wins. The first round went well with EVAN HASSON shooting 13, ZACK SCHWARTZ shooting 16, JAKE CZUPEK shooting 32 and Justin and Jake Zweig both shooting 44s. Timberlane's camper shot a 22 meaning he had to shoot again. Second round was not as good for us with our best shooters going down slightly. Timberlane's camper felt the pressure as he knew he had to score a 45 to win and shooting a 29 just wasn't enough to win!

Horse Racing by Jack Forman

On Friday 27th June we had so much fun at the camp fire. We had played against Timberlane all day so we were all in a good mood, but when we were told in Wasserman Hall that we would be doing Horse Racing for a camp fire, the excitement in the campers faces was unbelievable!

There were six races with six horses in each of them. Every person there was allowed to bet a poker chip on a horse to win such as, "Big money" with odds 3-1. Every horse and jockey alike dressed crazy from underwear on their heads to wearing tight, green elastic morph-suits. The horses were the campers from the senior cabin, and

the jockeys were the campers from cabin three. The horses mostly freaked out and went to do random things which at times had everyone in hysterics and, of course, there was an MVP horse as well. That MVP horse was given the title "Your mom" with odds 69-1 and in its race it won with a bolt in two laps.

YOGA by Jack Sacks

Yoga with PAM ADLER was a Menominee first for me and many others like JOSH STONE, MAX PTASZNIK, JACOB SMITH and ISAAC WEISS who participated. It is very relaxing and helps tone every part of your body especially your legs and core muscles. We also did a challenge pose called the "crow pose!" We did some meditation where we would breathe and think about things to help us feel composed. Lucky Canteen Number 130.

Overall, my first Yoga experience was very fun and I hope to do it again at Menominee.

WHERE DID SIMI'S HAIR GO by Editor

The resident administrator Simi decided to cut her hair on Wednesday 3rd July and donate it to Pantene. It was the talk of the Camp and her new do looks absolutely phenomenal.
