

Hi Everyone,

I'm sure you are all wondering how our new email system will work with the change to CampMinder. This email will outline the procedures for you. It is very user friendly and very functional. You will also have the option to attach "eLetters" which are CampMinder's version of Bunk Replies. You can either attach them with an email or you can print a set of eLetters prior to camp and send them up with your camper. Please see below for more information on eLetters. Please follow these instructions for emails:

1. Log into your CampInTouch account on our website to view your dashboard (below). Select the "email" icon.

2. If you do not have a credit card on file, you will see the below message and will be asked to provide one. If you do have one on file, you can continue to purchase CampStamps.

3. Camp Stamps are what you will use to send emails and eLetters. Each CampStamp is \$1. You will send email through CampInTouch, or you can set up a way of doing it through your own email address by selecting the “Summer Address” option. Once your credit card information is entered, you can get started and begin purchasing!

5. Once you complete number 4 your CampStamps will be purchased and you will be ready to send emails! You will navigate back to the email screen on your dashboard and this what you will see. It will show you how many CampStamps you have available, and give you a place to actually send the email. You can select which camper you would like to send an email to and type the message in the text box. You can also attach pictures if you would like. Finally, if you would like to give your son the chance to “email” you back using eLetters, you can select that option as well.

Receiving eLetters

eLetters are a great way for you to get instant feedback from your son. You can purchase eLetters for your son and either attach them to an email you send, or send them with him in bulk at the beginning of the summer. Your son will write his note to you on the eLetter that has a unique barcode at the bottom, and it will be scanned and emailed directly to you when he writes home. If you elect to use eLetters this summer, they will appear in your “eLetter Inbox” when you log in to your account.
