THE MENOMINEE WAY

Attitude: A boy who learns how to express himself, can become a man who is resilient, optimistic, and open.

Sportsmanship: A boy who learns how to win with grace, how to be a part of a team, and how to lose with perspective can become a man who builds community even in the midst of competition.

Determination: A boy who learns to persevere can become a man who reaches his own goals reliably, and helps others do the same.

Spirit: A boy who learns what he has inside can become a man who finds and fulfills his purpose.

Heart: A boy who learns to understand and express emotion can become a man who knows empathy, shows care, and grows meaningful relationships.

Leadership: A boy who learns how to step up front can become a man who guides others well and for good.
