

THE HEART EDITION

WEDNESDAY AUGUST 8, 2018

Menominee Way Trait Week Six: Heart By Editor

Due to Town Day on Sunday, The Way was postponed for a few days. Therefore, for one time only, the CIT's presented The Way on Tuesday night. This ceremony highlights a specific pillar of the six characteristics our camp calls, 'The Menominee Way.' This week, the CIT's decided to discuss 'Heart.'

"Heart: The difference between cheering or putting your soul into something. One with heart does not simply play to win, but plays to compete. Having heart is not just to play for yourself but play beyond yourself for a higher goal. One team may not be as skilled as another, but heart can be a gamechanger to lift the weaker team above."

Congratulations to the following individuals who were honored for their exemplary heart around camp.

MATTHEW HARFIELD. In **MATTHEW's** third year at camp, he displays his infectious love for camp every day. From cheering on his teammates during Green and White, to being the clown of the cabin, it is easy to see how much of an impact he has on the people around him.

DYLAN COHEN. While it may only be **DYLAN's** second year at CM, **DYLAN** can be seen playing his heart out, not only for himself, but also for his team. While **DYLAN's** actions during activities show his love for camp, his friendly attitude towards other campers and passion to learn more about camp also makes a difference around the friendly confines.

HARRISON KESTENBAUM is in his first year at the friendly confines and already shows the heart needed to be a notable figure at camp. To have heart, you need to show dedication to camp and all of it's functions, something he does daily. You will always see **HARRISON** putting in effort in all activities, even on the side-line supporting his team.

JACK FORMAN. **JACK's** veteran presence this year at the friendly confines has been felt by all. From building a victorious fire to cap off Green and White, to playing out for the fly ball in left field, his heart towards camp is indescribable. **JACK** approaches all challenges in his path with a hard-fought battle.

RYAN FIRMIN is a veteran at camp and in his six years, **RYAN** has done a great job showing his passion and dedication to Menominee, through every cheer he starts. As a Green team captain, **RYAN** was given the task of leading his team. During the competition, he stepped up immensely and has put all his passion and heart into being a captain.

MARC GOODMAN. In **MARC's** third year at camp Menominee, he consistently displays his love for camp. Whether he is out at football or running the league championships, he always demonstrates why he is such an integral part of camp and why camp Menominee needs **MARC**.

DANIEL WAITE is in his first year at camp and has taken on the role of the Megaphone editor. That is a role only a person who really cares about camp would take, and succeed in. Throughout the summer, **DAN** has been tasked to provide an issue to read nearly every day. That is a lot of responsibility for one guy, but he has handled it perfectly.

WOODY. **WOODY's** unconditional love for camp shines bright every day. Year after year, international staff come and go due to everyone's busy lives around the world. However, **WOODY** puts everything aside to come 'home,' to camp. **WOODY's** lack of presence this summer was felt by all, and we are thrilled to have him back. His daily work ethic and soft spot for CM proves to be unlike any other. As if nothing had happened, **WOODY** jumped right back into his role at camp which cannot be replicated by any single person. The Menominee family should forever be grateful for the unimaginable love **WOODY** has for camp and the thousands of people he has positively impacted.

Honour Cabin:

At the end of the week, **JASON** honours a specific cabin for best demonstrating the six CM characteristics throughout that week. This week's winners were the **CIT's**. Every day, the CIT's have demonstrated their love for camp through leading activities, cheering on their peers, putting everything they had into Green and White, and building amazing fires each week at The Way. They are an asset to CM and will be fantastic junior counselors next year. Congratulations **JAKE HOODACK, LOGAN ROSENGARD, BENJIE GAU, TODD LAZARUS, BEN ZELKEN** and **JOEY MATGOUS**.

White Win By Editor

After an incredible eight days of Green and White, split over 19 competitive events, the **WHITE** team were announced victorious, in Wass Hall, with a very tight score of 2220-1850. Once the winners were announced **JASON** said that this “could be the first time ever that a team has lost both the Sing and the Relay, but still won Green and White.” Leading into the Sing and the Relay, the White team had won an impressive 11 of 17 events and unknown to them, had already built up a large enough lead to clinch victory. Despite being behind, the Green team never gave up, thanks to amazing leadership from captains **DANIEL MALIS, GAVIN BRAMWIT** and **RYAN FIRMIN**. The captains rallied their team to an amazing victory in the Relay and celebrated in the lake with their brothers. White team captains **JACK BEHAR, LOUIE KANTER** and **ISAAC MILLER** helped motivate their defeated team to the finish line in the Relay and led the team to the lake for celebration of their amazing efforts throughout Green and White. Congratulations to every single camper and CIT for taking part in this amazing competition and to the winning team: the White team.

Greens Take the Relay By Editor

Yesterday afternoon, was the final event of Green and White: The All-Camp Relay! 53 events stood between each team and popping the balloon on the flag pole, outside Wass Hall. The events ranged from completing chin ups to running around bases, playing tetherball and paddleball to rowing out to the landing of the bridge at Dam Lake, building a fire and boiling water to a relay in Frisbee golf and from potato and spoon races to climbing the climbing wall. Shout-outs to **BENJIE GAU**, for giving the Green team the lead during the rowing event, **JACK BERGER** for quickly winning his matchup in tetherball, **ASHER BERMAN** for climbing the climbing wall in just over a minute, which allowed the Green team to reduce the deficit, and **MASON AUSLANDER** for hitting a bullseye in archery with his first shot. Leading into the second to last event, building a fire and boiling water, the teams were neck and neck. **TODD LAZARUS** and last years’

The Green team captains seal victory by bursting the balloon on the flag pole

Relay fire building winner, **JACK FORMAN**, worked together to create an incredible fire. In what **JASON** called the “best fire he had ever seen in a Relay”, **TODD** and **JACK** managed to boil the water in under 2 minutes and give the Green team the lead, leading into the final event: balloon toss up the hill to the flag pole. Despite dropping the balloon twice early on, the Green team got into a rhythm, thanks to the aid of captains **DANIEL MALIS, GAVIN BRAMWIT** and **RYAN FIRMIN** and quickly raced up the hill with the balloon, before the captains popped the balloon together and gave the Green team victory in 2:42:23. Lucky Canteen 71. The White team fought well throughout, refusing to give up, and managing to complete the Relay in 2:51:31. Congratulations to both teams for taking part in an incredible Relay.

Road to White Victory:

Cheer Off: White Team	Mannequin Madness: Green Team
Vroom: White Team	Menominee Monopoly: Green Team
Counselor Hunt: White Team	State of Union: Green Team
