

Big 10 Archery By Editor JAKE GOODMAN

There has been a lot of great shooting out at the archery range during Big 10 activities so far this summer. Everyone who has come out has shown tremendous improvement. My Illinois Archery Big 10 period is only four people, but those in it, **ELI NOMORDI**, **JOSH JAFFE**, **TEX EARNHART** and **BENJAMIN (PAXTON) HOFFMAN**, have all shown their growth-mindset through their perseverance to get better. Although we've only got two periods together, they seem to be improving by the minute. I am extremely excited to get to work with the campers, improving their archery skills through out the rest of the session. I also have another period with many Senior Cabin members. They have a bit more experience, but, it is just as enjoyable, watching them shoot and get such high scores.

Soccer Field Day By Editor DAN GLUCKMAN

The Sun and Wind Junior soccer field-day was truly a thrilling encounter. The first half was neck and neck with both teams having great opportunities to get on the scoreboard. It wasn't until late into the first half, when the Wind took the lead, thanks to an incredible performance by **FIN DORAN**, who also went on to score another in the second half. With a one goal advantage going and thanks to some great interplay between **NEO SCHNEIDER** and **DRAKE ELMAN**, the Wind capitalized on the momentum and went on to score three more goals. Shoutout to both **SIMON MANN** and **CHARLIE SANFORD** from team Sun for putting their bodies on the line on both defense and offence, playing right up until the final whistle. A great effort was shown from both teams.

The final score: Wind 4 Sun 0

Cabin Feud By BENJIE SOREN

Last night everybody in camp played Cabin Feud, hosted by yours truly, **BENJIE SOREN**. This campfire mimicked the game show "Family Feud" where people are asked a question with many answers. Cabin Feud featured questions such as: "name what countries the CM staff are from". **MAX AGINS** and **TYLER FIELD** were quick on their feet to answer and help their cabins. Cabin Feud was followed by "best moments of the day" where campers shared their best moments of the day. This included **LEXX MALKIN'S** rendition of "New York, New York" as well as participants from **CARTER KLEIN** and **ZACH FORMAN**. It was a great night of Menominee fun.

British Bulldogs By Editor JONNY BLOOM

It was a great day out at Woody's Pitch at Camp Menominee. Campers and counselors participated in British Bulldogs for Sun and Wind during morning activities. British Bulldogs is a game where each team lines up on separate sides of the soccer pitch. Everyone has a long sock hanging from the back of their waistband, long enough for someone to see and pull. All the participants are given a number. In the middle, multiple "bulldogs" stand their ground with their socks in the front of their waistbands. These bulldogs chase down the players from the opposite team whose number was called. If your sock is pulled then you become a bulldog for the following round, if it is not pulled, you score a point for your team. The game is played two out of three. The first two games were played first to 21, while the third game was to 15. Team Sun's **ALEC GAU** had an impressive run against five Wind bulldogs to help the Sun take game one. Both teams raced to switch sides where **JOSH 'JUICE' GOODMAN** called all members of **JOEY MATGOUS'S** age group to the field to be the bulldogs. Game two ended quickly with the Sun team's bulldogs struggling to pull the Wind's socks. The Wind were just barely able to push the Sun to a third game. The third game had both teams on their feet. **ASHER DIAMOND** showed his true speed during the first round to sneak past the Wind's defenders, putting the Sun ahead. Game three came to an abrupt halt when **JACKSON WUSTNER** called everyone across. In a close finish the Wind ended up on top, making the ending of the Sun and Wind competition ever so close.
