

The Menominee Megaphone

THE RACING EDITION SATURDAY JUNE 29, 2019

Horse Racing By TANNER KAMINSKY

Last night we had our annual Horse Racing competition. The “jockeys” were the members of Cabins 3 and 4 as they rode their “horses”, better known as the Senior Cabin members. Every other cabin placed their bets on which horse they believed would win. I rode lucky canteen number 55 on the back of **RYDER SPECTOR**. Sadly, we did not win. However, it was a thrilling ride being brought around the mess hall on the back of my favorite Senior Cabin member. **SAMMY SOSNOW** raced on the back of **RYDER** as well. They hopped around the mess hall, winning the third race. This run had the most intense laughs and screams, as the entire mess hall wanted to see **SAMMY** win. **DIESEL RUDOLPH** rode on the back of **CADEN PERLMAN**. They named their horse ‘Sour Diesel’ and actually won the fifth race. This race put cabin 15 on top, winning more chips than cabin 12 (the CIT’S). At the end it was easy to tell that everyone had a blast.

ARI GOLDBERG and **SAM GOODMAN**
ready to take bets for the races

Ping Pong with Woody By JACK FORMAN

Last week, **DAVID “WOODY” WOOD** challenged me to a ping pong match. Unbeknownst as what was to come, I accepted the challenge and met him atop of Wass Hall. We began the match with a practice rally. Neither of us had played in a while and it was apparent. We looked sloppy as can be, but, in short time, we had found a groove and got right back into it. The first game went back and forth, ending in a 21-19 win in my favor. Eager to play again, we started another game. Most points went by fast, but one point noticeably lasted much longer than the others at around three minutes. The second game ended in my favor once again with a score of 21-17. We kept on playing until the series was held at a 3-3 tie. Unfortunately, we were unable to keep playing, delaying our tie-breaker. We will play soon and shall finally declare a winner.

Big 10 Soccer By JACK McCLUSKY

It is now nearly two weeks into camp which means our Big 10 instructional activities are well under way. Here at soccer we have had fantastic periods with the campers. Both **JOSH INGRAM** and I have helped improve three core soccer skills: dribbling, passing and control. We have seen the progression from each period and it’s been a pleasure to help coach the kids. **AVNER BELSKY** has showed exemplary passing each period. **TYLER FIELD** has demonstrated persistence and dedication through our drills, and such willingness to improve. **IAN GAU** has led by example through each period by showcasing the Menominee way through leadership, attitude, and spirit. I am excited to start our next few weeks with lessons on heading, shooting and defending.

Q+A With Our Director/Owner - JASON FELDGREBER

By TANNER KAMINSKY and LUKE DERWINSKI

- 1. How many years have you owned CM?**
This is my fifth year as the owner
- 2. What's your favorite camp meal?**
Chicken Fingers
- 3. How long do you plan on owning the camp?**
Forever
- 4. What are some changes you want to see at camp in the near future?**
I have some stuff in mind but that a surprise
- 5. Do you plan on expanding the camp in the future?**
No
- 6. What is your favorite activity to run as the owner?**
Hatchet Hunt
- 7. If you were a camper, what sports would you participate in?**
Softball for both Big 10 and Tennis for King of the Camp
- 8. What was your favorite thing about camp when you were a camper?**
The Green and White competition
- 9. Who started the 'All Hail Jason'?**
That was all JOSH INGRAM, I did not have anything to do with that.
- 10. Do you have any regrets from buying camp?**
Not a single one and I never will. I have the greatest job alive.

Capture the Flag By JACKSON HEISE and JON WOOL

The deciding Sun and Wind event of 2019 ended with a 3-0 sweep by the Wind. It was a true nail-biter watching this game. Campers like **BEN LAZARUS** and **TRUMAN MANKOWSKI** wrestled on the line, attempting to pull one another over. At the same time, counselors and campers were sprinting to the other sides, attempting to steal their flag. By utilizing different strategies, like an all-out rush, or a scatter, using the younger campers as bait. The game was at a stalemate for a while during both games until **BRETT WEISS** and **JACK KAPLAN** rushed the middle on two separate occasions, both successfully being able to get their flag, and return it to their sides. The Sun and Wind competition was intense this year, and this was the perfect way to finish it off. The Sun will rise again but the Wind prevails for now.

Counselor Profile

TODD LAZARUS

Age: 17
