## Opening Day of Big 10 ...

The waters rough, the nets are tight and the boys are here to represent. On this the opening day of the momentous Big 10 events every camper juggled an extensive itinerary of sports.

### The Waterfront

**Sailing:** From the regatta files, we have an opening round skipper that stood alone in the chop and ebb, ERIC ISRAEL of Cabin 13 braved the Sand lake waters with no fear. Like a United States Navy Captain, Eric was in control of his vessel with a limited crew.

**Swimming:** Like so many before them, plenty of Menominee swimmers floated in from today's 12 lap swimming test exhausted and incomplete. However, as the water crashed the docks, one

man took a deep breath and struggled through. NICK ZETTERSTROM all the way from Cabin 3 put his head down and was the first to complete the 12 lap impossibility. Question, "Was it tough Nick?" Answer, "I'm from Arizona, and don't do much swimming, but I think I'm a good swimmer and it was tough but I did it." The words of a champion.

### Fishing:

A true act of angling was witness by many today. The water was rough, the sun was high but the hooks stayed in. From the dock come a scream, children are leaping from the water, skiers are holding on for dear life ... and as the shadow in the water grows and winds closer to the shore two small hands control its fate. JEFF CHAMBER-

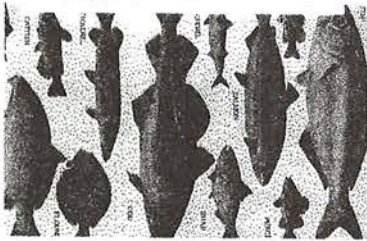

LAND, of Cabin 2, with heels dug in and loading cable strung the 18 lbs test was ready to thread. With a pull of the gaff hood and sweat on the brow the 12 inch 2.5 lbs. pike was hauled from the safety of the water. Upon gazing into the porpoises eyes, Jeff realized his trophy, and accepted that the same joy and realization of humanity could be shared with other men if he were to return the beast to its lair. And without a second guess, the true sportsman released the exhausted hulk.

### Riflery

The walk up the hill is a long one, the smell of gunpowder and shattered targets fills the air, "Fire" yells the instructor... the final shot of DUSTIN BERNSTEIN's first official release at the range is over and as the smoke (Story continued on back...)

### Weather:

### "Menominee to me" By David Tapper

In the begging of the bus ride we all said bye to mom and dad, then we started to watch movies we saw Jungle 2 Jungle, Ace Venture Pet Detective, that's it! Then we all started talking and meeting kids. I loved all the things to do, then I had some candy I shared all of it. Finally we got to camp and met a bunch of cool kids I met my counselors Nick, Sean, Alf and Garreth. They are really nice, then we all went on a scavenger hunt. It was a lot of fun. We all went to dinner they were servicing, eggs, lasagna, and a bunch of appetizers. We all went to Wassermann Hall, we had candies and cookies we also got a health check. They checked; hair, temperature weight and height.

### Just a Reminder...

It is the counselor's responsibility to share any scores, stories or other information for publication in the Megaphone. We cannot be everywhere all the time. Thank

(Cont..) cleared the target is unrecognizable. *Tip of the Day:* "When you are about to pull the trigger, hold your breath for better accuracy." Iddan of Cabin 6.

**Archery:**

STEVEN ROESSER of Cabin 4, a first time shooter stuck a clear 14pts in three arrows, and unmatched score for the "first timers".

The winner of the daily archery competition was LOGAN RADLOVE of Cabin 8 who scored an unbelievable 75 pts. Logan is an obvious master of the quiver and an asset to the Cabin 8 squad.

**Golf:**

ADAM "Hitman" BELLOS of Cabin 2 struck a solid round on Menominee Meadows this morning. Favorite club is his 3 wood. Coach Nelson and Hutt are impressed by all players performance today.

**Message From the Brain...**

If there are still doubts about the ability of the Brain, take note of the following...

"If a man with one leg goes into a store to buy pants why wouldn't he ask the salesperson for a pant."

Squeeze the brain, and ye shall see all!

I can't believe that I'm even being asked such a simple question.

The word "pant/s" come from the latin "pallasnallum" which means leaina or in the Queens own English "knicker crusial". So if a man with one leg asked

for "pants" he really wants a form of apple jelly. What he should say is "Excuse me my good man, I am the 5th Duke of Winney, and with my reputation I must drape myself in the finest of Bangkokian tartan. Acquire these good ... Ehh!"

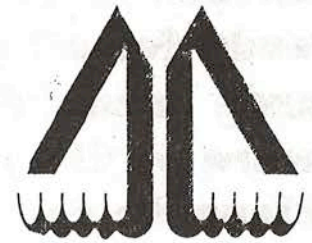

Any questions?

## "Let's Make A Deal!!!"

"What's behind door number 2?"

Was the question on everyone's mind as the crowd exploded in Wasserman Hall last night. Jeff "Monty Hall" Toombs, announced the first three contestant of the evening. The chaotic crowd dress in anything from underwear on their head to shaving cream beards, witnessed a "pose down" that would rattle the likes of any mister Universe. The winner received a well deserved roll of toilet paper for his effort.

"All the way from Madison, Wisconsin... mister Chris Farley?" Huh!! Yes that's right the contestants were put up against the task if giving their but impersonation of the one and only motivational speaker. The competition was fierce but a winner was quite evident, and the free canteen reward was well deserved.

"Oh, Baby, Baby..." what next?

As DAN KARA danced to the sweet nothings of Britany Spears he shuffled and wound his way to the full reward of a Free Canteen.

The winners have risen above their crazily dressed and well gelled opponents to the "final deal". "Door number 1, 2 or 3?" The choices have been made and A.J. SWEET of Cabin 11 left the stage with the grand prize of a **all cabin pizza party**.

## Menominee Meadows Report by Skip Nelson

A fine young group from the "new school" tore up the 1st round on the Skills Challenge Competition with displays of shotmaking usually reserved for Sundays on the shores of Carnoustie or the hills of Augusta. The rookie squad which consisted of AARON RYCKMAN, ALEX DORN, and BRETT "Lefty" GREENSPAN, stole the 100yd shot competition from the "old timers" who mistook the

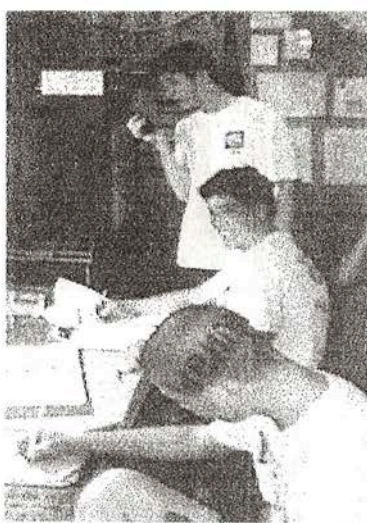

"rooks" as a group of beginners. The "gray hairs", ZACK DANN, LOREN RUE, and DAN JACOBSON, who relied on their experience and course knowledge, failed to bring their best dog to the hunt. The young squad played their three shots directly at the pin and Alex Dorn's 7 iron fell within 6 feet. The old timers were in trouble and it was evident that nerves played havoc with their poor tee shots which landed out of bounds.

Both teams shook hands and the "rookies" proved that judging a book by its cover could leave you reading Machiavelli.

### MENOMINEE RAINY DAY TRIVIA A BIG HIT!

The clouds rolled in and the sky got dark and signaled the begging of Rainy Day Trivia. All cabins were in close competition of wit and intellect for the crown of "Menominee's Smartest Cabin". The questions were tough and not for the weak minded and when the last round of competition was over there could only be one champion. Cabin 11 took the camp by surprise and won the overall contest

by a unannouncable margin. Their intestinal fortitude and renaissance autonomy was dominant over the field of incompetent. Cabin 11's brain children are: CHARLES BAKER, KENNY BRENNER, MITCHELL DARR, JONATHAN DAVIDSON, DANIEL JACOBSON, JASON REINGLASS, LOREN RUE, and SONNY SARANOW. TOMER AYALON, ANDREW BRYANT and EVAN HARRIS.

### Clean-up Winner!

Well Dan, during the requisition of the French in the early 1200's the

only dessert to be had was large pieces of "arbutus" or as we in America call it "Brussels sprouts." During the sprout famine 1547 the Zulu warriors announced a decree that to conserve the precious sprout crop "no child shall eat a piece of cake with pudding."

## MFL Opening Day — Bears awake hungry... 49ers tied Boys

**Bears 35**

**Packers 14**

Bears --

(Nick "Sweet Tea" Haskin)

There was no question who was in control of this game. MICHAEL HARVEY, through with the arm of the "golden boy" and seemed to be able to meet the mitt of A. J. SWEET ... three times consecutively to an unwound defense. The Bears scored 35 points in the first half and were scoreless in the tail end of play. The Bears were able to produce a true Ironman defenses after their first half duck hunt. For the record the Bears did have to T.D. pulled back by the backyard backyard refereeing of DAVID DAVIDSON and MARK SMITH. Packers --

(Andy "Candy" Eltzroth)

Well the Packers packed it in early in this one and will need to regroup after the "roll over" game last night.

SCOTT LASKY made the price of admission worth while with his "pinball-esque" play through the Bears defense, not to mention the interception at his own 10yd line for the full field run ... the only thing in the mind of the Bears was "TILT".

The Bears, running the South Georgia offense and defense proved to be too much. Hey commissioners, time to re-pick teams!!

**Cowboys 44**

**49ers 44**

The action was fast and furious. The plays were spectacular, and the officiating was nothing short of stellar. Could it be the NBA Finals, the World Series or the Olympics. Not even close! We're talking about the

MICHAEL HARVEY 5 T.D. PASSES

MFL game between the Cow-boys (DANIEL ROESEN, MATT SCHWARTZ, JASON REINGLASS, DAVID ERHLICH, JEFF DAVIDSON) and the 49ers (ERIC ISRAEL, DREW ISRAEL, JEREMY EMER, ZACK DANN, SONNY SARANOW.)

After the dust cleared on both sides of the battle finished in a 44-44 tie, but the war has just begun between both of these teams. Tune in next time, same Menominee time, same Menominee channel, for the conclusion of this titanic clash! BRADY MCLURE

JAKE LASKY and

France VS. Brazil

## OPENING DAY OF MENOMINEE INTENSE SOCCER LEAGUE BRAZIL 4 - FRANCE 6

Last night's junior soccer match may not have had the same billing as last year's world cup final, but it certainly matched in terms of excitement.

JON RUSHMORE (coach) inspired a quick start from France, as they took a 3-1 lead into half time. JAKE LASKEY impressed all with his powerful ball striking, scoring 4 of France's 6 goals. Once ELLIOT GREENSPAN added to the scoring the game looked beyond

Brazil. But thanks to some sound Defending from the like of NATHANIAL MUELLER and the breathtaking saves from ALEX DORN, the greens remained in the game. This allowed GRADY CHAMBER'S to match LASKEY'S efforts with a hat trick of his own, helped by the GREENSPAN'S and BRETT BERNSTEIN'S mid-field duo. In the dying seconds of the game GRADY hit the woodwork for the third time in the match,

before KRIS TRINDELL'S solo run earned him a much deserved winner.

If the rest of these games match last night's for entertainment we are in for a very exciting summer of soccer. By JAMES HUTT

## Dooms Day For Raiders

By Alex Dorn

Last night the Raider played the Patriots. Both of the teams were in the Junior League. Also this was the first year that football was featured at Menominee. The 2 captains were ALEX DORN and MAX JACOBSON. The teams were battling the whole way. The Raiders lost in overtime to the Patriots 35-28. I would have to say it was a great game.

## MFL : Raiders Get Patriotic...

### Jets show the Broncos the Emergency Exits

The junior division of the Menominee Football League got underway with two games in the twilight. The action was fast, the play intense, and in the end, all was good.

**Patriots 35  
Raiders 28**

The scoring started early with the Patriots scoring on a first play touchdown pass to PAUL WINDGRAD. With the Patriots leading 14-0 the Raiders awoke and scored on a drive that lasted most of the last half.

The second half began with the score 14-7. The Patriots started the half by kicking off to MATT LANDOWSKI.

**Jets 49  
Broncos 28**

This obvious mismatch is a reminder of what not to do when standing on the tracks when the *trains a comin'*... The conductor of this travesty was led by JAKE LASKY who scored 4 touchdowns, two of them were interceptions, as if it couldn't get any worse. ANDREW BAUER scored two touchdowns for the Broncos and is demanding a trade in his future... could you blame him?

BRETT GREENSPAN, the younger brother of 1998 Menominee Masters Champion, ROSS GREENSPAN, has been making an impression on the Meadow's crowds and personnel. Today he fired a 23, 12 strokes better than his score just a year ago. When asked how he has improved so much in such a small time he said, "It was a little upset by my performance last year in the Masters, so I redirected my life to the game. I came out this year with a new focus, a new love for the game, and I've found a groove. Ohh also my coach helps me immensely. Brett plans to keep homing his game to get ready for this year's masters, and if things keep the same, we might see an old finisher's name on the jacket this year, only the first will read BRETT."

## Menominee Intense Soccer League : Scotts' vs. England

Arguably the biggest rivalry in world football produced a surprisingly one sided result. The spacious pitch and evening heat proved to be draining on both sides, with most goals coming from swift counter attacks. DREW IS-REAL exemplified this with several powerful runs through England's defense. He finished the game with a hat trick. The match was tied at one to one well into the second half after DAVID EHRLICH converted his shot off the post. Later JON SIDER produced a string of saves, taking away goals from Ehrlich and SCOTT LASKEY. Scotland unleashed a barrage of shots on the unprotected JOE KLEIN. KYLE BINGAMAN impressed all with a late hat trick to put the game well beyond England. His last goal came from a top class volley in to the bottom corner. As Gavin said, "They will be dancing in the streets of Edinburgh tonight!!!!!!"

## Message from the Brain...

Dear Brain,

Why do they call 1 under par a birdie? 2 under par an eagle?

What is the fascination with fowl?

**SKIP NELSON,**

Cabin 8

Well Skip...for your answer you must look deeper into your question or query... When a player shoots 1 over par we call it a bogey, which is actually where this "fascination for fowl" begins.

The Brain is getting ready for tonight!!

A Bogey, related to the Peregrine Falcon was also on the endangered species list, and as the out roar from environmentalists continued over the years the animal was finally eliminated due to public outcry. As a tribute to the fallen bird Golf enthusiasts chose to adopt the Bogey as a extra stroke over par (Birdie and Eagle followed as slang for

scores of negative consumption) and this tributary way of scoring has taken its shape on the score cards of players for years.

But of coarse you already knew that...

### Joke Of The Day

What has gray fur, a trunk, and  
a long tail?

A mouse going on vacation  
CHRIS NORROD, Cabin 4

With a 6:00am wake up call and the temperature down around 57 degrees the boys of Menominee woke up to their usual announcements, however this morning the nutty director had a special message... "we're going to the Waterpark!"

We readied ourselves for breakfast and put on our trunks to make a quick run to the awaiting buses.

The bus ride seemed long, but as we pulled into Plover the majestic water beasts were visible to all. A quick orientation and we were released into the Rainbow Falls Waterpark. Most avoided the water at first, claiming "it was cold," however any true aqueduct aficionado knew the fear of what was inside of the twisting green conduit. It seemed to have detoured the boys of Menominee to play mini-putt instead of testing their inner fear.

After a long 18 holes of miniature golf, many chose to take advantage of the complimentary go carts and bumperboats. As the boys lined up for miles to test their Formula One ability many rode the mighty waves of the great lagoon. A train whistle in the background signaled the waves approaching. Menominee flocked to pool to be thrown back to shore, many fought but few succeeded to conquer the whitecaps.

After the exhausting swim, the group reconvened to mow down on a buffet of burgers and fries, not to mention an abundant amount of cookies.

"Number 2's the best," "No way number 1 goes way faster..."

The consensus varied from all the Menominee boys as to which of the green tubes was the most threatening. It was reported that a Menominee counselor had to make a last minute decision on his leisurely

ride down the pipe, it seems as though a large woman was actually stuck in the tubing and the young man had to lift himself up the side of the wall and squeeze himself past the obstruction. Not a move of an amateur.

The next test was the much talked about "Zero Gravity."

A 45 ft drop that repelled you up the opposing wall in a U formation. The drop itself was the test, and as the average mortal camper approached the edge self propulsion was unattainable, hopefully the uniformed ruthless attendant was willing to give you a push...

After returning to earth's normal gravitational pull it was definitely time to bid a fond farewell to our friends at Rainbow Falls. Their "park" was long been a tradition to Menominee and this year's visit was full of memorous moments.

## Town Day in Minocqua

After the long bus ride we finally made it to Minocqua, where we got \$15.00 to spend on anything. All the groups had a fun time at all the different store and the arcade.

The restaurant that seemed most popular was Alexander's Pizzeria and Dairy Queen.

It was an awesome day, all the camp had

a fun time, and everybody enjoyed what they bought and ate in Minocqua.

# MISL – Scotland Kilt England

Scotland 11  
England 4

Monday's game took this league to a new level, as the Jocks put 11 past a sparse England defense.

DREW ISRAEL led this feast of goals with 6 as he attempted to achieve his pre-match objective of winning by at least 10 goals.

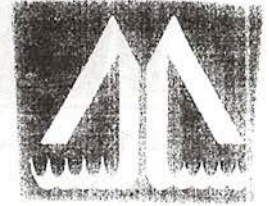

This seemed ambitious at first, but it nearly happened! Drew's goals included several crazy runs; a 20 yard drive, and a perfectly placed shot from tight angle.

DAVID EHRlich's hat-trick and LASKEYS solo goal proved to be mere consolations for England, as the midfield of A.J. SWEET and KYLE

BINGAMAN dominated possession. JON SIDER, kept things tight at the back with some determined defending. All 3 got on the scoresheet.

A reshuffle of teams may now be necessary, as it all seemed too easy for Scotland.

## BRITISH VS. AMERICA STARTS TODAY!

With the consistent repetition of history and man's natural tendency to compete, Menominee is thrown into another British Vs. America competition.

With the Mess Hall full of loyal "Yankees", British troops charged under heavy smoke cover and announced, "Steven Paul Kanefsky, you are under arrest and charged with high treason against the Crown, God save the King." He was taken, and stood in front of the Brit's as they attempted to lower the Flag of America and raise the British colours, however the Yankee supporters were too

strong for the British and the flag was not successfully raised.

Two sides caught in conflict.

There was only one way to resolve a disagreement of this magnitude... British America Competition.

The contest started early with the Captains Duel.

The ranking officers of every age group were selected to square off in a battle to the end. The rules; stay on the battle field and try to stay dry.

Just after joust, men walked away in ruins, their efforts seen by all by their drenched uniform.

The battle was too close to call and one event can not decide a battle.

We shall watch closely as the age old battle continue over the Independence Day weekend.

# First Round of Robin Hood Over

The weather was perfect, overcast windy and changing every five minutes, perfect for only one thing... the completion of the 1st Annual Robin Hood Invitational.

The opening day of the tournament introduced us to the first round overall winner CHRIS NORROD (pictured left) of Cabin 4, his score of 91 overshot his 2nd round competitors, JOHN KINSELLA 89 and ELLIOT ANDRE 88.

The Second round will be interesting, with a field of only ten and a classic match-up between Andre and Kinsella. All eyes will continue to be on Cinderella story T.J. Wood who snuck into the 2nd round.

It will be a close semi-final without a doubt.

Bobby Siminic, Cabin 19

As we all know the 4th of July is representative of Independence Day, the day that

The Brain after today's rainy weather.

Americans gained Independence from the British. The use of fireworks denotes the expression of American appreciation for loud deafening sounds and bright assaults on the eyes. The first celebrations of Independence Day did not have fireworks, oh no, instead large

groups of people would gather on the evening of July 4th and scream directly into their neighbors ear, while this celebratory bellowing went on the local artisans would launch flaming balls of fire into the air, at an exhausting pace, counting their ejection's outloud "One, Two, Three..." etceteras. Through the years there have been a few revisions on the original tradition, but nothing excessive. **The Brain**

## Copper Falls Trip Rocked

The Cabin 3 and 4 adventure to Copper Falls State Park ended in success.

The trip began with a short 2.5 hour drive from Menominee to Mellen, WI. Upon arrival, the group began with a wearing game of Capture the Flag to get rid of their "car legs".

After lunch in the sun, the daring squad went forth on a 1.7 mile hike of the Bad River gorge, capturing many awesome sights including the of and only Copper Falls... "It looked like Root Beer" one Camper replied.

The day was interrupted by a rough thunder storm, but the boys pushed on through the night and celebrated with a hamburger cookout and S'mores! "Can we stay another night...?" asked ELI GREENSPAN. An Awesome adventure for the Men of Menominee!

Question from a Canadian trying the American tradition for the first time.

This is one question I do not look forward to answering, due to the general misconception that campers from

## The Paper and Plastic Feud Continues

Campers and Counselors alike were fortunate enough to witness the birth of a new breed of intra-camp competition; Paper vs. Plastic.

As competitors packed into Wasserman Hall campers witnessed Paper Stud PETER ERHLICH, challenge Plastic Stud DAVID SCHWARTZ, to a battle for supremacy.

Fortunately for the campers' health, they did not witness a fight to the death but found out they would take part in a competition know as "Paper vs. Plastic".

The campers were divided into 2 teams and were ushered out into the gully for all camp Capture the Flag.

After a grueling hour of play, Paper came out on top 5-4. Regardless of the score, after the game everybody ran down the hill and "laked it" to cool off.

Although the campers cooled off, the competition heated up. Following, Capture the Flag, there were many events that were almost too close to call, we had a Counselor Hunt, Australian Rules Football and other fun and original games.

The final outcome of the competition will be determined later in the week, but whoever the winner, a good time will definitely have been had by all.

The day after some of the most severe thunderstorms that Wisconsin has ever seen, the men of Menominee went sailing off to Kawaga for a leisurely regatta against all the local participating camps. The winds had not died down and the war of attenuation began before the start of the race. Sunfish were tipping left, right and center.

ERIC ISRAEL and JEFF DAVIDSON survived the longest of the Menominee team, which included MATT SCHWARTZ, DANNY SNYDER, JON SIDER and JON DAVIDSON. Jeff and Jon's sister from Nicolet was also in the hose.

At the end of the "Kawaga Saga" those with the most boats left upright were Kawaga, Nicolet, Interlocken, Chippewa and Red Pine.

The Menominee team is readying themselves for the home water defense at the upcoming Menominee Regatta.

## Trip Week at Menominee

### CABINS 5 & 6 TAKE A NATURE BREAK

The first night of the canoe trip was wet. "I'm cold and wet," said JAKE LASKY. The first stop was at the Dam of Dam Lake. Two of the six canoes got stuck in the rain and had to stop at a house and call back to camp for help.

Later, all the canoes and kids were sent back to camp. The next morning the kids were sent back to their canoes at the campsite.

The day was sunny and windy. As soon as they got to lunch they were exhausted. At this point BRETT GREENSPAN, C.J. COHEN, and ANDREW KERSHENBAUM were fighting about which canoe they would ride back in. After lunch my canoe tipped in the middle of Rainbow Flowage.

In the end everyone went for a swim.

# CABINS 8,9, AND 10 GO CAMPING

On Tuesday, July 6th, through Wednesday, July 7<sup>th</sup>, cabins eight, nine, and ten went on their canoe trip. Everyone got into the canoes at Camp Menominee. At about 6:30 p.m. we headed for our campsite, which was just beyond Dam Lake. When we arrive, each camper picked which tent they wanted to be in. That night, we pigged-out on S'mores and pop. Counselors SKIP NELSON, BRADY MCCLURE, and fellow camper MATT LEWANDOWSKI put out the fire in their own special way.

The next morning, Waterfront director KOZ brought the breakfast. After the meal, everyone pitched-in and cleaned up the campsite. We departed for our next destination, which was the bridge on Hwy. O. There, everyone pulled their canoes out and had chips and sandwiches for lunch.

After lunch, we all left on the third leg of the journey. On that leg, we had our first man overboard, as KRIS TRINDL fell out of his canoe. The group saw a great deal of nature on this leg. A family of bald eagles were soaring high in the sky, and we saw one of them dive down and snag a fish from the water. JOHN KINSELLA was baffled by the baby catfish we were catching and the clumps of frog eggs close to the shore. Towards the end of the trip, the waves got rough, and the wind got tough. Each canoe struggled to reach Oxbough Landing.

Most of the tired travelers retreated to camp, while few brave souls proceeded through the "rapids." After an exhausting two days, our long trip was completed.

The following people participated in this exciting journey:

**Canoe One-** BRADY MCCLURE, ROGER SHROUD, JOHN KINSELLA, EPHRAIM FOLBERG

**Canoe Two-** SKIP NELSON, MATTHEW KOGAN, LOGAN RADLOVE

## Menominee Vs Interlocken

### 16A Basketball Came Down to the Final Seconds:

In the 16A game against a camp called Interlocken, our Menominee players could not hold onto the game in the final minutes. The team statistics varied and thanks to leading scorer DANIEL "SKIPPY" ROSEN, we stayed close through the whole game. Daniel had 23 points, 1 assist, 2 rebounds and even 3 steals.

Another big player was AJ SWEET he only had ten points but he had three assists, eight rebounds and 2 steals. All together our team had a ton of fouls but beside that point, I think our lucky canteen 45 team had a good game and they'll kill them next time.

Final Score was Interlocken 46 and Menominee 43.

## EAGLE RIVER TEAM DOWNS MENOMINEE

### 14 EAGLE RIVER 2 MENOMINEE

"The team just didn't perform when they had to." Many witnessed a poor display of Menominee hardball on Sunday night, when the Eagle River Boys 12 and under team faced off against Menominee.

ROGER SCHROUD pitched hard and had no runs scored until the 3rd inning when the Eagle River team exploded to score 14 runs in 4 innings. Even with the relief of JOHN KINSELLA, it seemed a lost cause for Menominee.

The next game is coming up fast and coaches DAVIDSON and TOOMBS are ready to practice hard with the boys to gear up for our next contest.

# Menominee and the Dells

## Day One:

After a quick briefing by Woody, the vans were packed with two things in mind: fun and girls. Cabin 12, the thirteen year olds, had the pleasure of visiting the Wisconsin Dells.

Quickly following the short, three hour drive, the campers were filled with "Surge" and "Jolt Cola" and ready to go. After changing into the suits at the Motel, the cabin walked a block over to Family Land which proved to be the biggest hit of the trip. The kids "buddied up" and were set for a few hours to ride the slides and "scope chicks". While DYLAN COREY and MAX FREED were frequent faces on all the slides, A.J. SWEET and AUSTIN NIETO could be found talking to all the ladies in the hot tub. Way to go guys!

Upon leaving the park and arriving at the motel one thing was noticed, Marimeta was staying in our motel!! The guys really wanted to head to town (because that's where Marimeta was), Woody made a good call and headed the group towards Big Chief go-carts. The young men went absolutely nuts driving all the race tracks and roller coasters they could squeeze in. While TEDDY BRENNER and BRETT HARRIS went maniac on the roller coaster... "Zeus", the best fun of the night was watching SONNY SARANO and TED ROTH duke it out on the no collision, yet full collision Nascar track.

However, that wasn't the "highlight" of the day... upon returning to the motel, Eyal announced that Cabin 12 was in the house as the Marimeta girls went for a night swim. The social swim evolved into a social water balloon fight into a social raid on Nick "Sweet Tea" Haskin later in the night thanks to Teddy Brenner.

To be completely honest with you I haven't a clue.... But I could make something up...

The Brain is the Energy Source...

The present site of Camp Menominee was once owned by Charlie Comisky (famed owner of the Chicago Sox Team and Park). Comisky used to bring his league leading Sox team to the Northwoods to the site of what he referred to as the "Energy source", the players would gather around the fire circle and draw energy from its magical source... the Sox never lost a game when this ritual was performed and the Menominee "game" received its name from this historical fact... # The Battle of the Sun and Wind...

The skies separated, the trees bowed from the stress, and an obscure haze hammered onto the Friendly Confines.

Children scattered to witness the colossal engagement of force,  
"Where does this melee of rage come from?" asked many.

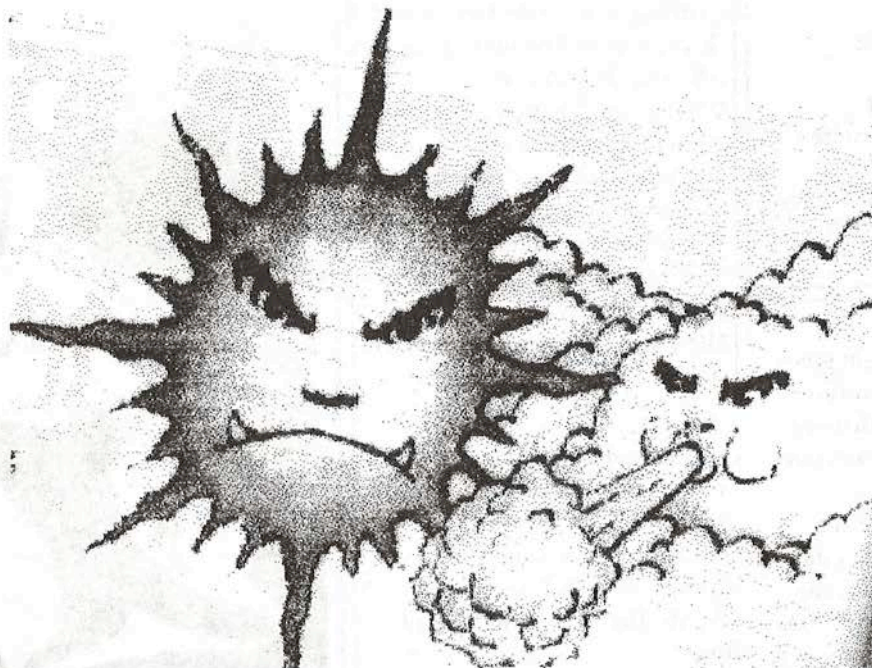

The Fates sent two messenger warriors from the skies above to settle this long awaited battle – Marcus Smithicus representing the destiny of the Sun and Jeficus Toombsolom to pilot the Winds inevitable path.

The two heathens clashed at the noon hour of the 12th day of July, yet the battle ended without resolution....

A directive from the heavens was sent...

"Sun....Wind.... prepare your strongest warriors for the ultimate duel to decide this elemental encounter...."

The sides separated and primed for battle.... with the new moon approaching a victor is nearing.

As the sun shone off the bright green grass two opposing forces of nature stared across the distance with determination. With scouts fixed and faces drawn, the game was afoot.

### Capture the Energy Source

Commencing the 1999 version of Sun and Wind was the fabled game of Capture the Energy Source. Team Wind, led by the fiery passion of Captain Toombsolom, competed with intense desire, but were overwhelmed by Team Sun and the leadership of Captain Smithicus. When all was said and done, though, the energy source still remains, waiting to be conquered in future years.

### Sun and Wind Relay

The relay was full of excitement down to the last stretch, with ADAM SULLIVAN of the Sun sprinting home in the last leg, and closely followed by the man they call "Kiwi Thunder" Peter Wirjapranata. Both teams ran exceptionally well and was a great time had by all, the end of the run was full of controversy, with the Wind claiming that they ran more men, but with a quick head count and brief conference between the Mosquitoes, the Sun team hailed in victory.

exciting, and a good time was had by all. On this day the Sun shone true.

### Silent Meal

The key to winning the event is to have your team as quiet as possible. Many campers and counselors dressed up nicely, and fixed up their hair. During the meal the Mosquitoes talked and tried to trick both teams, but it didn't work.

Many campers tried to increase their chances at victory by bringing the pitchers of juice and water to the judging Mosquitoes. The overall winner for the 1999 Silent Meal was the Wind.

## Social with Agawak Rocked!

The social with Camp Agawak last night was cool. After a forty-five minute bus ride, it was time to rock and roll and that's exactly what the guys and dolls did!

As usual the official Spice Girl fan JEFF GORDAN attracted a huge (crazy) crowd. However, the introduction of the dating game, "Singled Out" put ELI GREENSPAN of Cabin 3 in a class of his own. He got hooked up with a girl six years his senior?! The boy is hot! In the words of ERIC ROESER "If he was any cooler, he would be ice cream."

The boys of Menominee were impressed by the girls of Agawak strutting their stuff. CAMERON GREENHILL of Cabin 4 could not believe his luck when he was asked for a dance. Socials Rule!

British Bulldog... lets see...

The game is much like another British tradition...World Dominance... you see the game itself derives from the histori-

cal ascendancy of the colonial empire of Britannia. As the two sides lock hands to form a line of defense they must also send out their own mercenaries to attack the force intruding on the Crown or Natural Right of Passage, except for situations like Canada where the British decided to advance all cultures by allowing an entire microcosm to thrive on a hockey rink... its really quite simple actually...

### MENOMINEE INTENSE SOCCER LEAGUE

**MISL Playoff Final: France Vs. Brazil**

Match #1 France 10 — Brazil 3

The first match in the Playoff Final saw the repeat All star material of CHRIS TRINDL, JAKE LASKY, BRETT GREENSPAN and GRADY CHAMBERS.

Match #2 France 12 — Brazil 2

This second and Final match proved to demonstrate the overpowering strength of the French squad.

**Congratulations to the 1999 NCAA MISL Champions ... France!!!**

### MENOMINEE HOCKEY LEAGUE

**MHL Playoff Final:**

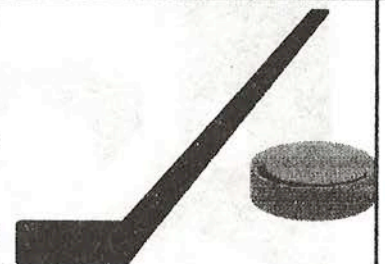

As the sun started to rise above the tree line and warm the asphalt of the hockey rink, the Buffalo Sabers and Philadelphia Flyers faced off for a chance to take the Toronto Maple Leafs for the MHL Cup.

The line-up for the Sabers was SCOTT LASKY, DANIEL ROSEN, MATT SCHWARTZ, and DREW ISRAEL in the goal. This was a close and even match with JON SIDER, BEN THOMPSON, KYLE BINGAMEN and goalie JEREMY EMER of the Flyers. Despite a good game played by the Flyers, the Sabers won in the end with a 4 to 2 victory.

After a 10 minute intermission the Sabers faced off against the Toronto Maple Leafs. The Leafs were composed of BRETT STEIN, KEVIN RICHARDS, TED BRENNER and JOHN "the Wall" REINGLASS.

One of the most impressive shots of the game was from Daniel Rosen of the Sabers. In the middle of the first period he shot the puck from middle ice and sunk it deep into the Leafs net. The Sabers put up a great fight, but in the end BRETT STEIN pulled the Leafs through with a triple hat trick, the Leafs won 11 - 6.

## Social at Birch Knoll

Last night's social with Birch Knoll was completely unexpected especially considering the night before the boys of Menominee spent their evening bopping' with Agawak... it was an awesome surprise.

When the buses pulled into the Birch Knoll gates the boys were instantly impressed by the facilities that the camp had to offer; horses, a huge waterfront with all the toys and an overall cabin layout that was truly remarkable.

As the mingling began the tempo was a little low and didn't really pick-up until the music arrived. As soon as our boys heard the bass they started to move. There were some impressive breakin' moves from HIRSH FRIED, and as always DUSTIN BERN-STEIN cut the meanest rug... the boy can dance. A few "snowballs" didn't cool our boys down we kept goin' till the early hours... well 10:30pm.

All and all a great social with the lovely Birch Knoll, thanks guys!

## Menominee Basketball Association

With the regular MBA season over and the players focused on the playoffs the destiny as to where the league championship trophy would rest was uncertain.

After a the preliminary scheduled first round games were over the Timberwolves took the floor to square off against the Pacers who were successful in defeating the Lakers in earlier game action.

This long time rivalry on the court would prove to be a well fought battle between the best teams in the league.

Coach BARRY SCHWARTZ readied his already exhausted Pacers team to set the pace against the league favorite Timberwolves, coached by Adam Sullivan. It was obvious from the get go who came to play: BRIAN SLOAN and JOHN KINSELLA led the Pacers squad offensively and in the back court, however the team of CHRIS TRINDL and GRADY CHAMBERS proved to be to much for the Pacers. A Final score of 26 Timberwolves -- 20 Pacers

How could we forget the Battle with Britain in the British Vs. America competition or the closing ceremonies on the Fourth of July with our amazing Fireworks display and social. Speaking of socials, Menominee had a whopping 4 socials inside of the opening session. Town Day is always a hit, but when you include a trip to Rainbow Falls, how could anyone forget? All of Menominee enjoyed "Trip Week", whether it was a peaceful camp-out at Copper Falls or a rattling day at the Wisconsin Dells Waterpark, all had a great time. And as the Winds picked up and the Sun shone, all took part in the Sun and Wind competition, Counselor along side Camper to strive for conquest.

This past four weeks will never be forgotten by all that contributed to making it the best ever, we look forward to continuing these unforgettable days in the upcoming session...welcome to the Green and White!

# Counselors Practice for Kawaga Soccer Match

Only one week separates the first practice session from the actual game against Kawaga. Seventeen counselors showed up for this first "get to know you" affair. Initial impressions were that there are enough competent players here at Menominee to make sure that we give Kawaga a good game. We don't know what we are up against but we do know that if we play to our strengths and utilize all the ability that we have, then we should do ourselves justice.

With two more practice sessions to go, the team will be just about ready come Sunday.

Actually your right on!  
The game is called "softball" because it is perceived as easier or less "manly". However, with

The Brain after being used in 16 inch ...

the upcoming Counselor "soft"-ball game against Kawaga on Thursday the meaning may very well change. I do not see how anyone could call the game softball, with the implications that it presently has after witnessing Menominee Counselors consume a team of 12 players who stand in their way of their destiny. The ultimate victors... Menominee, will then have full responsibility and reign of re-defining the game all together... as for "Hardball"... they haven't seen anything yet...!

Last night Wassermann Hall was packed to the rafters for Commercial night 1999!! The atmosphere was electric as MC for the night PETER EHRLICH introduced the CIT judges for the evening. SKIPPY ROSEN, BRETT STEIN, BERKO, and JEFF DAVIDSON were the lucky judges. The campers were judged on creativity, humor, and participation.

In the junior division Cabin Three kicked off the evening with a commercial promoting Menominee at the expense of our rivals Kawaga (who by the way the counselors will beat in softball, basketball, and soccer). The crowd was crazy with laughter as CLAYTON REESE played an alligator that emerges from Kawaga's swamp. Cabin 4 also put on a quality skit, highlighted by MIKE (BIRHTDAY BOY) HIRSH playing himself. However, the winners in the JR. division was Cabin 6 for their spin on the MasterCard commercial.

The intermediate division was equally impressive array of commercials. Cabin 11 sparkled with its skit including ROSS NEWMAN as Menominee Man. Cabin 14 took top honors with their version of "Menominee Loveline". JAKE KLEIN impersonated SKIP (what did Skip say lucky canteen 111) NELSON.

The evening was a huge success and everyone is looking forward to Senior skit night in the near future.

## Twilight League Report

The score after one inning was thirteen to five. Our team shut out our rivals in the second inning, and I hit a home run. In the third inning the rival team scored a run and SAM SHERMAN hit a home run. In the fourth inning the rival team scored two runs and Lasky's team didn't score. In the fifth inning we scored off a double by SCOTT BACALAR, and the other team didn't score. The sixth inning was very similar. At the end of the game the score was seventeen to ten, but we scored five runs in

the bottom of the seventh to make the final score of seventeen to fifteen. BEN CHALFE, BRETT GREENPSAN, ANDREW KER-SHENBAUM, SAM SHERMAN, and I hit home runs. It was a great game.

-By Jake Lasky

It was a great game between Solo's Sluggin Slammers and Cohen's Crushers.

With the score of 18 to 15, the slammers had won. DAN ABRAMSON had two amazing diving catches at second base. Patricio, Dan, and Max also did great. DREW SOLO had good line drive and pop fly catches, and was also a great hitter. I hoped there are many other great games like that one.

-By CJ Cohen

Our soft ball game was being controlled by my team in the beginning with the score 13 to 5 after two innings, but with homers by BEN CHALFIE and SAM SHERMAN the game got close. The bases were loaded in the fifth inning and SCOTT BACALAR stepping to the plate, and the pressure was on. Scott hit a double to cut the score to 15 to 9. Great defense stopped us. The sixth inning went quick and the game went into the 7th inning. It all came down to the last at bat. With a few home runs and singles with men in scoring position our team finished the game with a final score of 17 to 15.

-By Brett Greenspan

JUSTIN WELLS got three homers in two innings, and ROSS FELDGRABER was awesome. I did sweet, and my entire team had great catches. CAMERON GREENHILL had a great catch, and JEREMY KOHLBRENER had a few awesome plays. DAVID CHODAK got the cycle, while MIKE WORSEK had two outs at home. I got four home runs! The final score of the game was 23 to 13, Andre's team.

## Alone in the Water...

It was a sunny day, and the heat could be seen rising from the massive waters and that is when the seven brave swimmers decided to take on the challenge of swimming the mighty lake. The boat was loaded and the long trek across Sand lake became a time for reflection, realizing that the distance they were going must be swam with no assistance, alone in the water.

As the swimmers entered the lake the tension grew greater. With every stroke and kick the impossible became more real, yet the distance seemed to great. Some had to stop and be rescued, but seven struggled through the wake and incoming tide to complete their goal. The time in the water seemed like days but turned out to be no more then 40 minutes. The great cross was over, and the seven to emerge from the water were exhausted yet proud. JEFF DAVIDSON, DREW ISRAEL, ERIC ISRAEL, EMMA WOOD, GORDON SPOWAGE, MATT HOLLANDER and WOODY were the brave souls to conquer this momentous traverse.

"... stop that rhyming and I mean it... would anyone like a peanut...?"

It was a night of total of entertainment! Camp Menominee was the host last night of one of the largest socials in recent history. Late afternoon Friday, workers, electricians, and dancers started setting up a stage and sound system that easily could be heard throughout the Northwoods. As a matter of fact it needed to be heard throughout the Northwoods since the majority of the summer camps in the area would be participating in this eager social. Kids and counselors alike from Menominee showered and prepared for a night of fun and excitement. Once 7:00 p.m. rolled around the counselors were finishing up a few loose ends and at 7:30 the buses started to roll in. Counselors help to direct the buses in an orderly fashion onto the baseball field and the kids were released onto the near soccer field where the music was rock'n.

This seven camp mega social included our friends from Agawak, Birch Knoll, Chippewa, Kawaga, Merimeta, Ojibwa, and the host Menominee. The crowd which numbered around 1500, "socialized" on the soccer field for the next two hours. During that time kids were given the opportunity to see old friends male and female and hopefully make new ones while the music was blasting from the group from Chicago, Total Entertainment, filled our ears with some of the newest and coolest music of the day.

The two hours of socializing also included juice and cookies for all the campers, a visit from the local NBC affiliate, and a wide variety of items given to the kids from the Total Entertainment staff.

As the sun set in the west and the last of the free T-shirts were tossed to the eager crowd, the visiting campers and counselors boarded their buses and headed for their respective homes.

Definitely a night of Total Entertainment!

## Menominee at Nicolet Regatta

One hot day up in the north woods, a young group of men gathered into a van, and trailed to a place known as Nicolet. We went there because of one reason, that reason was to sail.

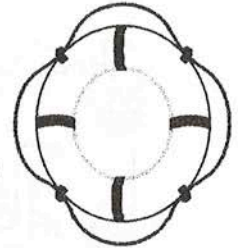

JON and JEFF DAVIDSON's sister (who is Nicolet's sailing instructor) invited a group of twelve campers to join Camp Nicolet and another camp in a regatta. The Nicolet regatta is a sailing race which consists of one guy and one girl paired together in a race to the finish line.

"I thought it was fun, and I had a great time," stated DAREN WAGNER. He was one among the few that placed in the top four in his race. ROSS GREENSPAN also enjoyed himself. He finished third in his race along with MAX THANHOUSER. JON DAVIDSON also had fun. In the regatta, Jon broke his record. That record was never tipping in his sailing experiences. He got wet three times for the girls!

Lastly, ANDREW BRYANT our sailing instructor owes a free canteen to JEFF DAVIDSON, for his outrageous effort to finish the course. He claims he had never been sailing before.

Well it seems like everyone enjoyed themselves and I am looking forward to the next regatta we have.

## Menominee Masters:

"Just a slight hook around the dogleg!"

As the eagles fly the fairways, and the sun shines bright, we find, it is the time for the oldest and greatest game to make its way back to Menominee Meadows. Within days the qualifying rounds will be held for the '99 Menominee Masters Championship. The field looks to be the greatest ever with defending champion ROSS GREENSPAN back to duplicate his victory of a year ago. Names also whispered in the clubhouse these days are ROBERT SHERMAN, a solid player, who last year could not attend the Masters due to prior commitments. SchONNY SchARANOW, a streaky player, who mixes shades of brilliance with moments of concentration lapses. "He definitely has the game, it's a question whether he's come to play or not," said tournament director SKIP NELSON, "and I think someone better keep an eye on DREW SOLOW, he is a talented young player who is solid all around. He could upset the elder statesman not unlike Tiger Woods in '97."

The course seems to be in fantastic shape and the greens have firmed to raise the stickmeter to a bikini-wax slick. "We've had lots of rain this year so the grass is green and growing fast, we have had a hard time keeping up with it," says GENE FLECK, the Menominee Meadows greenskeeper. With all that in mind it will be a very competitive championship, with golfers from all over the... (story continued on page 2)

Story By C.J. Cohen .

### Inhalators Vs Slammers

The game started late because neither of the captains got the bases or the soft ball. Luckily our captain NOAH FELDMAN got the equipment. Since the game started late we could only play five innings. At the starting of the game DREW SOLOW smashed the ball all the way to the woods but only got a double. We were losing ten to five in the third inning because we were feeling too confident. In the bottom of the fifth we were losing by one point and there were two outs and ANDREW LEVY on second base. NOAH FELDMAN hit a home run to win us the game.

### A Great Day on Angling in Menominee...

Two huge fish were caught today by expert fishermen trained and home to Menominee waters.

First KOBE STERN hooked a large unidentified fish from Sand lake early this morning in his Big 10 activity (pictured right). Kobe really enjoys fishing and is excited to put the rod back in the water.

And later on the day our own Dr. KNIAZ caught a Musky on Dam lake. 16 lbs. and 36 inches long, definitely one of the largest pulled out by our Menominee fishermen. Doc pulled the fish out of the water while paddle-boating on Dam Lake. "The fish snapped at my index finger" the doctor said. The net to bring the fish on board was just big enough to fit the big fish.

It was a beautiful July 28th 1999 the only July 28th 1999 in human history (as former owner GLENN KLEIN would say). The sun was high, and it was time for lunch. Two campers shared a common goal on this particular day. ...THE CYCLE. ZACK DANN and MICHAEL GORSKY came into the mess hall with their stomachs empty and their mouths focused. The cycle consists of 10 burgers and 4 buns. Zack Dann went for the unorthodox order of 2 burgers followed by 4, 3, and 1. Gorsky followed Zacks unorthodox style as well. Following the cycle Gorsky said "I feel big" and Dann said "I feel like I'm going to puke!!!" They both had the same lucky canteen 44 advice, if you are thinking about the cycle...DON'T!!! *Story by Joe Klein Cabin 12*

Why is everyone so obsessed with canteen? It is just a candy bar or 50 cents. I'm positive that my kids would do anything for a free canteen. I know kids like candy, but this is insane. Oh well, I guess it's a good reward. All right on to my most important point: Yesterdays social. Why did every girl look exactly the same? Do they really have to wear the same shorts and tanktops? Also what is the deal with this "boom boom" song? Is it catchy because its so annoying and repetitive? Anyone that takes the time to read this is probably thinking, "He's so negative". Well I do have some things I've seen lately that I've enjoyed. For example, the hard work at big ten activities is good. Also the intensity of this years seniors is awesome, headed up by SAMMY CARL. The intensity during Twi-light league is awesome too. It is one of the coolest things in camp. All right, I'll stop wasting your time. Peace out and word to yo mother!

## TEAM MENOMINEE VS. KAWAGA

*The soccer pitch at CM. The finest pitch in all of the Northwoods?*

### Team Menominee Soccer Flashback

7.26.98: CM 4-0 Kawaga

On a scorching Sunday, Menominee soccer rolled over Kawaga with four classic goals. The Menominee defense was put to the test early by a robust Kawaga offense. Defenders GAVIN SPOWAGE and SKIP NELSON held firm, while goalkeeper JORDAN MARTONE chewed away a Kawaga free kick with a superhuman save. OLLIE CRICHTON capitalized on a mistake in the Kawaga defense to blast a ferocious drive into the net. The second half was all Menominee. Goals by CARL NEWMAN and ALEX SZOBO (2) saw Menominee home with JOHN RUSHMORE coming close to scoring number five. Even a late red card for NEWMAN did not put a downer into the Menominee hearts. A glorious victory for the mean green machine.  
*-Report by Carl Newman*

### Notes From the Coach

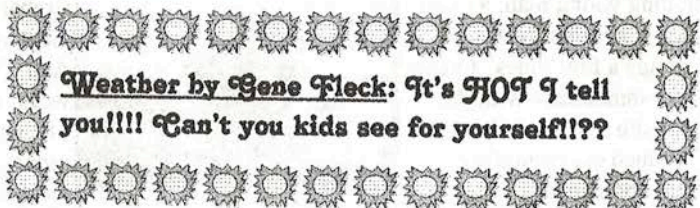

Its that time of year again: "Derby Day". In the space of the past eight days the respective camps of Kawaga and Menominee will have done battle on the softball diamond and the basketball court. It is to the soccer pitch today that these notes will be addressed.

Possessing, as I believe we do, the best soccer field in Northwoods camping, it is perhaps very fitting that the game should be taking place here. Quite how well the field will play after being tramped on by 2000 pairs of feet - the biggest social ever takes place here a few days before game day - remains to be seen. One remembers only too well the pitch at Wembley Stadium in London after the Horse of the Year Show was held there in March 1969. Arsenal and Swindon Town had to compete for the League Cup just a few days later on a pitch that resembled the Goodwin Sands at low tide. Ever tried playing football (soccer) on soggy sand? Point made, enough said.

The field, of course, will be the same for both sides. If we have an advantage it will be that we are playing at home. With the support of the whole camp behind us it would be nice to think that we can repay these good omens with a victory. And is that possible? Of course it is. We have a midfield that looks like it can create something; a forward line that can convert that creation into goals and a defense that is as solid as any that has graced this fine field in the past.

May the best team win.

### Social with Marimeta

The buses were loaded up with the best lookin' boys in the Northwoods and we were off the party with our sista's at Marimeta. With Elite Force in the house and a dance floor cleared (the tennis court) we were ready to do it up... Menominee style! Forget the lemonade and cookies there's dancin to do! We all enjoyed the night immensely and thank the lonely ladies of Marimeta for the many unforgettable dances.

## The Storm of 1999: The lights were out, but we're at home!

"Isn't Mother Nature just awesome?," exclaimed Woody, a true declaration after witnessing and experiencing the power our environment can have on all of our lives.

On Friday night after the counselor loss to Camp Kawaga in soccer, the camp gathered at the canteen to enjoy what seemed to be a typical day at Menominee.

"The clouds were going by so fast." JOSE CARRION, Cabin 4

The sky almost seemed to open up and winds of tremendous speed entered from all directions, the camp hurried to the shelters and remained amazed with the speed in which the storm entered.

After an hour in the shelters, the storm had subsided and it was safe to go outside. Upon exiting the shelter it was apparent to everyone that the thunderstorm had caused some damage; mostly to trees, some windows but most of all the power was off. We regrouped and decided that it would be best to go to bed early for the long day ahead of us.

The next couple of days proved to be unlike any other days in the history of Camp Menominee; all meals had to be improvised (toast, eggs and ice cream for breakfast... awesome), the water was rationed and all bathing was done in beautiful Sand Lake.

Even with "increased stress and decreased resources" Camp Menominee completed a full day of activities and continued to prepare for the upcoming competition with Kawaga.

All who witnesses the storm of '99 will remark on the destruction, but those who experienced it will remember its construction of friendship, brotherhood and camaraderie.

# GREEN AND WHITE

As we all came back to camp from the awesome Marimeta social, Steve announced for us "all to report to Wasserman Hall".

Steve began to tell us the results of the Time Trials held earlier in the day. The overall winner for was Cameron Greenhill. "Cameron and I go back a long way, and I would like to congratulate Cameron and everyone with an all camp Pizza party." The hall erupted and immediately began chanting "Cameron, Cameron!"

We all rushed into the Mess hall to scarf down our "pizza prize", and upon entrance into the Mess Hall everyone noticed green and white place-cards with our names on them... this could only signal one thing...the beginning of Green and White.

Captains were declared and the stage was set for competition to begin tomorrow.

Story by ADAM BELLOS

## Vroooooooooooooooooom

The dye has been poured and the maps are drawn all that is lacking is the heart and will to take the flag.

Thursdays first event of the Green and White was the Canadian classic "Vroom". A combination of Capture the Flag and the Menominee favorite "Message to Garcia", the two teams are pinned up against each other with the entire Menominee grounds to hide, run and roam to their opponents Flags... the only thing in their way are men armed with high range squirt guns, "slap happy" tag men ready to send you to jail and the misguided mystery of the Bonus flags location. (Lucky Canteen 222 Howard) The "dye invincible" green shirts were ready for the mission of flag abduction and proved to be the integral point of victory for the Green team. Key runners MICKEY KATZ and SONNY SARRANO took the victory from the White team by a score of 2-1. The defensive strategy of JEREMY EMER, MATT SCHWARTZ and SAMMY CARL proved to be their only asset in their dying cause of this 1999 version of Vroom.

"We are not worried at all, we'll pick it up -- and the sing is ours!!!"

## Menominee Vs. Kawaga

Tuesday August 3rd was the opening day of competition against Kawaga. Tennis and Hockey were the only sports in contest. Overall the score by the end of the day was Kawaga 3 Menominee 2, the men of Menominee returned to camp and began preparation for the next days events.

Wednesday would prove to be a day filled with interruptions by the weather, many events were delayed due to rain for hours and made for an impossible schedule to fulfill. However when the Menominee bus returned from Kawaga the final 2 day score was Kawaga 10 -- Menominee 9.

When the sun broke on the Friendly Confines Thursday morning the warriors awoke to news of a re-schedule.

The contest would have to wait another day making Friday the day for Menominee to fulfill their destiny. Tonight Menominee sleeps with visions of a plaque hanging in the "Hall of awards" -- the vision will become a reality Friday August 6th.

16A ready to take the cover

### 13A Basketball

### Menominee 55 — Kawaga 8

On Wednesday morning, the 13A basketball team huddled around the flagpole and vowed to take "No Prisoners!" True to their promise, the team traveled to Kawaga and left with a 55-8 victory, quite possibly the most lopsided basketball victory for a Menominee team ever. Leading the massacre were STEVEN SIGESMUND and A.J. SWEET, who both chipped in 14 points. They were followed by BRETT HARRIS with 8 points and DREW ISRAEL and SCOTT MARCUS with 7 points each. In basketball, though four people cannot win a game by themselves. Team Menominee also received valuable contributions from BRANDT YOUNG, BRAD LEVINSON, KENNY BRENNER, MICKEY KATZ, EVEN BIRNBAUM, JARED ANDRE, RANDY FELDMAN, AND LOREN RUE's 4 rebounds, 3 assists and 2 steals (is that right Loren?). Your coaches enjoyed working with you and hope we all return for another summer of domination in 2000.

# Menominee Dumps on the Swamp!

The unstoppable Menominee Newcomb squad. Game delayed due to rain and Kawaga being filled with terror!

## 11 and under Newcomb

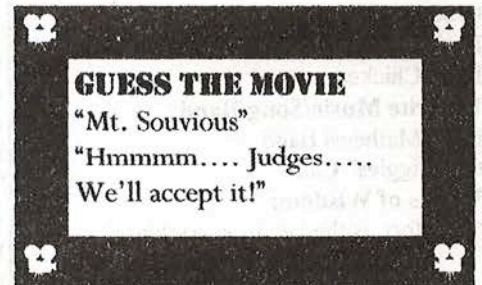

While most sports that we have competed against with Kawaga have had a victor at the match. One squad remains in an idle time-out waiting to see if they will be able to finish crushing their competition in 11 and under Newcomb.

As the skies darkened and filled with rain clouds, the Menominee Newcomb squad took advantage of a much weaker Kawaga team and decisively took the lead 2-1 in the first game.

While the intense match is on hold, our fierce Menominee competitors are not. Starters SAM HARRIS, KUNAL PARIKH, JAKE LASKY, MAX FREIDMAN, ANDY COHEN and RYAN ARKIN along with the rest of the team conduct intense practices fine tuning their skills to finish dominating the competition and be crowned "King of the Beach".

Led by Coach Nick "Sweet Tea" Haskin, the men in Green anxiously await the opportunity to finish the battle that have begun.

"What is the history of chewing gum, always wanted to know?"

Brett Stein  
Cabin 18

Well Master Stein, chewing gum is an odd entity isn't it?

I have looked into the theorem and come up with the lineage dating back to

the creation of the "granary" and Roman botanical shank.

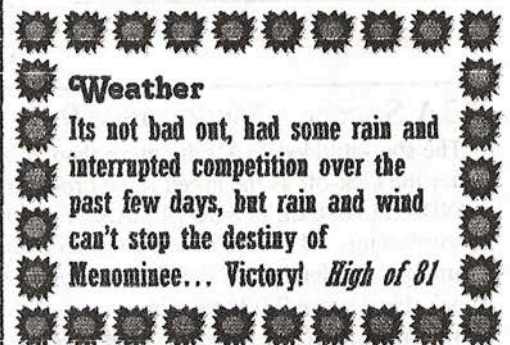

The process of natural gum production for industrial use, comes from certain trees and shrubs and hardens on the surface, unless you are talk in about the "Tangy Taffy" from Kent, England which is often found in young forest and poached illegally in North America.

Thanks Brett!

## Menominee Advance!

### 11A Basketball Menominee 21 — Kawaga 30

The 11A team went into their early morning basketball game knowing the importance of their victory for Camp Menominee. From the tip off Menominee kept it close. Neither team could pull away with each basically matching one point for another. The 11A squad trailed throughout the first half and part of the second. Finally Menominee broke through with some great hustle from ANDY COHEN, and SAM "lightning quick" HARRIS. The dynamic change was lead by key baskets by JUDAH KLEIN, ANDREW BAUER, and GRADY CHAMBERS. After taking the lead the green team struggled with turnovers against a tough Kawaga Press. Other participants in the 30-21 loss were BRETT SHAPIRO, PAUL WINOGRAD, and JEREMY ZIRIN.

Story by Andy Eltzroth

### 13A Soccer Menominee 9 — Kawaga 0

The star-studded 13A's did more than live up to their expectations as they routed Kawaga 9-0. The feast of goals started just after the kick-off as the green wave broke up the field to score within a minute. The whole front-line proved their worth, with ANDRE LANGLEY, SCOTT LASKY, TOPH LITVACK, MAX THANHOUSER, DREW ISRAEL, and COREY GLAZER all contributing. AJ SWEET also scored a couple, with surging runs from defense. But this scoreline was only possible thanks to some good defending of the likes of MATT COOPER, MATT TIER, and SIGGY, leaving JOE KLEIN with very little to do in goal. Final score 9-0 Menominee.

By JAMES HUTT & GAVIN SPOWAGE

## 16A Volleyball

### Menominee 2 games — Kawaga 0

The sky was overcast and the wind was strong as the 13 and under volleyball team took the pit. DREW ISRAEL, MAX THANHOUSER, STEVEN SIGESMUND, AJ SWEET, ADAM LONGLY, and BRANDT YOUNG jumped in and took an immediate 7-1 lead when the rain started to pour.

After the rain delay the team came back out. Kawaga's intensity was almost too much for our boys to handle, but their superior volleyball skills overcame the intensity and trash talking of the other camp and they prevailed 15-12 in game 1. Game 2 was more of the same. Coached by DAVID DAVIDSON and TED ROTH the team behind the setting skills of ADAM LONGLY was too much for the other camp.

Once the men in green acquired the momentum they finished off the braves behind 3 powerful serves by DREW ISRAEL and won game 2, 15-7.

The good guys win 2 games to none.

*Story by Ted Roth and David Davidson*

## 11B Softball

The 11-B softball game was great. In the third inning we were down 3-1 until our offense kicked in. The bottom of the third we scored eight runs. The defense kicked in for the final 4 innings. For example, ROSS NEWMAN caught every ball and went 2-3 with a walk. DREW SOLOW, at second was great with 0-2 and 2 RBI's. JORDAN KRINSKY was a great SS and went 1-2 with two RBI's. JORDAN TIVERS was a phenomenal fielder, and he went 1-2. RYAN SCOTT made two diving catches and was 3-3 with 4 RBI's. The outfielders (NOAH FELDMAN, RYAN SCOTT, and MAX JACOBSON) did great. ALEX DORN pitched a unbelievable game.

*Story By Jordan Tivers*

## 16 and under Tennis

### Kawaga 7 — Menominee 0

The courts were filled with future Wimbledon champions Tuesday afternoon, as the 16-under division faced off in the epic Menominee vs. Kawaga competition. Menominee's squad featured JEREMY EMER, SAMMY CARL, MATT HOLLANDER, BRETT STEIN, DANIEL ROSEN, and JONNY SIDER. The boys came out fired up and were ready to dominate Kawaga. Many of the matches featured exciting rallies, magnificent athleticism. Unfortunately, on this day the boys from Kawaga got the best of Menominee. Despite a great effort from the boys and solid coaching from tennis pro LEE LIBBY and SEAN HENNICK, Menominee came up a little short on this day. Final score Kawaga 7 Menominee 0.

*Story by SEAN HENNICK*

## 11B Soccer

It was a rainy beat Kawaga afternoon and Menominee's 11b soccer team was all fired up to crush Kawaga. This team consisted of GRADY CHAMBERS, ANDREW BAUER, KUNAL PARIK, BRYAN SCHIMEL, MAX JACOBSON, BEN CHELFIE, BRETT SHEPIRO, ELI GREENSPAN, DAVID KASSIN, JORDAN KRINSKY, SETH LEVIN (goalie), HECTOR MARES, AND MATT SLOBODKIN. The game started and in the beginning DAVID KASSIN scored a goal, but the official, JON RUSHMORE, called the goal "offside", so the goal was no good. In the end GRADY CHAMBERS had a hat trick which made the score 3-0 Menominee. Without those great saves by the defenders, ANDREW BAUER AND BRYAN SCHIMEL, and of course, by the goalie, SETH LEVIN, from Cabin 4, we wouldn't of had a shut out. Good men wear GREEN!

## 16 A Volleyball

After two very tough Menominee 16-under soccer games, we had to move onto volleyball. The G men starting from Menominee were MICHAEL MONDIE, TODD GUSTAFSON, MICHAEL GORSKY, BRADLEY J. ROSS, DANIEL "SKIPY" ROSEN, AND JEFF DAVIDSON. As the game started Kawaga quickly took the lead. Menominee played hard, but Kawaga was just too good. We lost heavily in the first game. The second game went much slower. We lost 15-8. BLAKE LEVIN subbed in for BRAD ROSS, but Kawaga was still victorious. Coach NICK HASKIN, shouted encouragement from the side lines but Kawaga's offense was just too ferocious, better luck next year.

Story by NICK HASKIN & EVAN HARRIS

## 13 B Soccer

On the second day of the Kawaga competition the 13 year old B soccer team arrived at the swampy grounds of Kawaga. We began our game with speed, stamina, and the will to win. The center-mid-field, EVAN BIRNBAUM led the way in the first half of the game, clearing anything that went near him. Our center forward, RANDE FELDMAN carried our team forwards all the way. BRAD CAPITANI was our right defender and he was a major cause to why we stopped so many goals. MICHAEL WEINER and GAVIN SPOWAGE coached us through thick and thin. We thank them for all their help. DAVID EHRLICH held the goals as our incredible goalie. This team was made to be winners. The only reason they lost was because of Kawaga's goalie had a hot day. ANDREW BERMAN shot a great goal in the end of the game, but it just couldn't hold up to the four goals they made in the penalty kick situation.

Story by JONATHAN JACOBSON

## GUESS THE MOVIE...

"Nice shoes, where did you find those? On the side of the road..."

## 16A FIGHTS TO THE FINISH

This was the game we were waiting for. Going into it we knew that we would be facing a team that would be tough to defeat. For the 11 guys that played it would be a once in a lifetime experience.

Going into the game, the seniors had not won an event but were completely determined to put one in the winners column. As game time approached the tension was mounting and the stomachs were growling.

MATT BERCOVITZ had a determined look on his face as game time neared. He provided an offensive spark. TODD GUSTAFSON started the game with a great hit. DANIEL ROSEN was the first to cross the plate to get the troops fired up. Daniel was the emotional leader of the team. Showing his 10 years experience the entire team followed his lead. After Menominee had taken a 2-0 lead the guys felt that they could truly pull off one of the biggest upsets since 1990.

The 3rd and 4th innings proved to be devastating against Menominee when Kawaga turned a triple play with the bases loaded, and then followed with a three run home run in the following inning. However, our guys never quit! With clutch hitting by SAMMY "SOSA" CARL, BRAD ROSS, and MICHAEL GORSKY, Menominee slowly got back in the game. Going into the top of the 7th, we were down 9-6 and it was do or die. With a brilliant coaching move by JON PROVUS, ERIC "HOUSE" ISRAEL was brought in as a pinch hitter. After fouling off several pitches, House came through with a shot to left. BRETT STEIN came in as a pinch runner for his amazing speed around the bases and later scored the 7th run. With their backs against the wall Gorsky and Rosen provided clutch hits leaving them on first and third with two outs, bringing up Berco as the potential winning run. Berco hit a lined shot to the shortstop, who made an amazing play to end the game.

These 11 guys never let their guard down, which as the coach made me extremely proud. In my mind our team came out victorious maybe not on the scoreboard, but in our minds we all knew we won.

*Story by: Jon Provus, Brett Stein & Daniel Rosen*

### 13B Soft ball Menominee 7 — Kawaga 1

The final day of competition begun with the guys in green looking to dominate the 13 B Softball game. Dominate is what we did. the defense of LOREN RUE (P), MATT MONTGOMERY (C), DAVID SILVERSTEIN (1B), JUDAH KLEIN (2B), ALEX FINE (SS), JARED ANDRE (3B), COREY GLAZER (LF), SONNY SARANOW (CF), MICKEY KATZ (RF) and MAX THANHOUSER (SC) allowed only four base runners throughout the entire game. Our bats were also booming led by Max Thanhouser's shot that hit a tree and Jared Andre's home run. From the start to finish 13B ruled over Kawaga. Coaches David Davidson and Skip Nelson both felt privileged to say that they coached the group to a 7 - 1 clutch victory when the camp needed it most.

*Story by David Davidson*

### 11 and under Tennis

It all started on a cloudy day at the Jim Wyeth tennis Courts. The team was warmed up and ready for battle. ANDREW LEVY, BRETT GREENSPAN, BRAD KASPERS, and SAM HARRIS were the singles players. The match was tied 3-3 and it came down to the #3 doubles team of DAVID SUREVY and DAVID CHODAK to secure a Menominee victory. After countless rally's and breath taking shots, coaches LEE LIBBY and SEAN HENNICK used masterful strategy to help DAVID and DAVID pull out an amazing victory. This was truly an amazing event for Camp Menominee!

## Kawaga's Outta' Here!

### 11 A Soccer

Looking at the line-up before this game, I wondered if any CM team at this age group containing the likes of BRETT GREENSPAN, JUSTIN WELLS, and RYAN SCOTT could possibly be beaten. This has a strong team and Kawaga knew this was going to be a tough game.

For once the sun did not shine which for us soccer players was a blessing in disguise. In fact, it rained and that was fine. What was not good was the fact that big JUSTIN WELLS did not make the starting line-up because of illness. With his replacement JAKE NEWMAN installed at right-back the game began at a lively pace with our center-forward KRIS TRINDL getting plenty of possession but unable to do anything really constructive with it. PATRICIO AZNAR and ANDY COHEN in the Green mid-field Kris was having a very difficult time getting through a strong and resolute Kawaga defense.

A frightening moment halfway through the first half was the ball spin out of goal-keeper JUDAH KLEIN's hands and head towards our goal. An excellent recovery by Klein however meant the score remained 0-0. But not for long. Just before the break Kawaga scored to make it 1-0/

After the interval Menominee drove hard toward the Kawaga goal. RYAN PRITKIN on the right and JAKE LASKY on the left saw plenty of the ball, but we just couldn't produce on their possession. Andy Cohen looked the most likely to do something with his impressive footwork and tough tackling. But all to no avail. MAX FRIEDMAN, ALEX DORN, BRETT GREENSPAN and SCOTT BACALAR kept a strong defense and held the score at 1-0. But even with Justin Wells coming off his sick bed, Menominee still could not score. This is a young team with plenty of potential. This was not their year. Next year will be!

Story by Coach Woody

### 11B Basketball

The 11B Basketball team took the court looking ready to play. point guard BRETT GREENSPAN set the pace of the game by driving to the hoop and scoring on the first play of the match. KRIS TRINDL and JAKE LASKEY followed Greenspans lead and camp up with a number of steal off the 1-2-1-1 press.

Kawaga was caught off guard and could not recover. KUNAL PARIKH and ROSS NEWMAN both played solid games down low. JUSTIN TIVERS and JORDAN KRINSKY came off the bench and provided a great spark as 11B Basketball reigned victorious.

Story By Evan Harris

## 13 and under Tennis

After a delayed bus ride to arch-rivals Kawaga on Tuesday morning, it was time to get down to serious business. The under thirteen Menominee tennis team were fired up and ready to kick butt! Big Time!

Our number one ranked singles player JORDAN FISHER struggled in the first match of the day. In the second match KENNY BRENNER was also not having things his own way against Kawaga's second ranked player. By then Menominee was down 2 - 0. JASON FELDGREBER however turned the tables around by winning his match 8 - 6 after trailing 5 - 3.

Our number one ranked doubles pair BRANT YOUNG and ADAM LANGLY won their match in superb fashion, as did SCOTT MARCUS and ADAM LANGLY. After six matches of good rallying and excellent serving, it came down to the wire. Menominee and Kawaga were all square at three matches a piece and the table was set for the final double match. Although DAVID EHRlich and JOE KLEIN put up a brace fight, they went down 8 - 5 to Kawaga.

Kawaga took the first point up for grabs with daily total of 4 -3.

*Story by Leon Hendricks.*

## 11A Softball

In the competition against Kawaga and the score 4-3 in games, Kawaga favor, in overall competition. The Menominee 11 A Softball game was about to be fought by Menominee's campers and counselors. The team consisted of MATT HARRIS, SAM HARRIS, GRADY CHAMBERS, ANDREW BAUER, JUDAH KLEIN (injured), BRET GREENSPAN DANNY SIDER JAKE LASKEY and PAUL WINOGRAD. The boys started off great with a 7 run first inning. Kawaga came back nicely through with five runs in the third inning. In the bottom of the sixth inning with the score 9 -7 Menominee scored 1 run to go into the last inning. KRIS TRINDL popped the first run out, Judah doubled off an error with Jake Lasky steeping to the plate. Lasky hit a line drive over the second baseman's head to score Judah. Paul Winograd struck out on a questionable called strike to bring Grady Chambers to the plate. It came down to a full count but in the end Kawaga finished on top 10 -9. A well fought game by both teams.

*Story by Brett Greenspan.*

## 16 and under Hockey

The 16 and under hockey team played their hearts out. Led by the captain BRET STEIN, the men in green put up their best effort. He scored the lone goal for CM. As expectedly MICHAEL GORSKY out of his skin tending Menominee's goal. BRED STEIN played a great, physical game defensively. BLAKE LEVIN showed flashes of great play throughout the game and the intensity of another great leader, DANIEL ROSEN, helped keep our players and fans in the game.

TODD GUSTAFSON and RYAN LEVIN showed a lot of heart within their playing time. Coach Ted Roth was very prod of his players. they played to win and unfortunately, they came up short, losing 4 -1. But the men in green walked away with their heads held high because they played with dignity and heart.

*Story by Coach Ted Roth*

## 16B Basketball

The 16B hoopsters took the court with the attitude that they would all give a solid effort to win. Led by point guard Daniel Rosen, Menominee pressed and were able to force a number of steals. Big guys MICHEAL GORSKY and MIKE SWEET felt the pressure of the other Camp. BLAKE LEVIN and JON SIDER came off the bench to provide some sharp shooting. TODD GUSTAFSON started the second half with a three pointer, but foul trouble ended Menominee's hopes. Great effort was shown by the entire team.

*Story By Evan Harris*

## 16B Basketball

With a well equipped coaching staff of BRADY McCLURE and SEAN HENNICK the Menominee starting five took the court; MIKE MONDI, BRETT STEIN, MAT HOLLANDER, MATT FEINSTEIN and SAMMY CARL.

The Menominee team was out matched from the start. Poor passing and a first half defensive collapse allowed for the Kawaga team to dominate the court.

We didn't make a lot of shots. The 2-3 zone defense for Menominee couldn't hold the strong Kawaga scoring elite.

Everybody on 16 B who played Kawaga today played real hard and left the court with their head up!

*Story by Jason Rosenmutter*

## 16A Soccer

The starters of the 16A soccer team included JEREMY EMER, JON SIDER, TODD GUSTAFSON, BLAKE LEVIN, MIKE SWEET, MARK PRESENT, BILL GAVIRTZ, LOGAN WITT, MIKE GORSKY, MITCH DARR, and MIKE BULGATZ. Those 11 guys played their hearts through the final seconds of the match. Although the score was 8-0 Kawaga, Woody coached his team with high intensity, throughout the entire contest. Mike Gorsky put on quite a show at goal having plenty of amazing saves. Woody and myself were prod to coach this soccer team, because they showed Kawaga that a victory was not going to be easy.

### MENOMINEE MONOPOLY

How many people get to play a game on a 50 acre board?

The people of Camp Menominee got to in their version of Menominee Monopoly.

Groups were sent in 3 minute intervals, and the object was to run around the course in the least amount of time. Waiting at designated points were counselors with questions such as, "What school does Nature Nick grace with his greatness?", "What are the names of the rest of Steve's family?" and "Who was the 1993 NBA Most Valuable Player?"

Running like the wind, the white team emerged victorious with a time of 2:34:58, followed closely by the Green team with a time of 2:46:22. Way to go teams!

### Sports Scramble

Today in the basketball portion of the Green and White Sports Scramble, Brady McClure and Andy Eltzroth treated campers to an interesting brand of basketball. Some of the variations that made this game fun and exciting were things such as no dribbling, shot clocks, and massive hockeyesque substituting. The three participating age groups started the game with everyone shooting free-throws. In the senior division, both ERIC ISRAEL and JEREMY EMER attempted to struggle to victory. It came down to a free-throw contest, "granny" style. After this, it was all tied up going into overtime, where MICHAEL MONDI hit a behind-the-back free-throw to give the Green team the victory. This form of impromptu imagination from the counselors was seen in other sports, such as tennis, soccer, and softball. The overall Sports Scramble winner for 1999 was the White Team. Congratulations to everyone who participated!

## Green and White – Flashlight Hunt

Last Night, as the mess hall was filled by Green and White participants, Ally Spowage picked up the microphone to announce a new event - The Flashlight Hunt. This highly prestigious event takes place in the dark with the aid of flashlights to search for orienteering-style markers. As a runner, I found this event rather challenging with a very weak flashlight, however, my running partners, JASON ROSENMUTTER, KRIS TRINDL and JOSH MISHOULAN kept up to give sufficient light!

Back in the mess hall, White and Green captains, JEREMY EMER and ERIC ISRAEL respectively, were getting stressed out and other group captains such as MITCHELL DAAR, BLAKE LEVIN and AJ SWEET anxiously waited for teams to return.

A slight spraying of rain was not enough to stop this new event from blossoming in to a potential regular Green and White activity.

The victor of the game will be announced tomorrow at breakfast.

## The Showdown is Set for Monday

Through the rain and the mist, only 11 survivor the first round cut. the field now shaved in half, there were no real surprises. Robert Sherman held strong in first place with last year's runner-up MATT COOPER at close second. Rookie sensations MATT FEINSTEIN, MIKE BULGATZ, and JASON FISHER also showed nerves of steel as they battled the elements. Proving the critics wrong, ROSS GREENSPAN made the cut. The critics say his game has suffered since the ravenous media has deluged his life. He stated after his round, "You know, one year they love me, the next they're looking for you to screw-up! Whoops that'll probably come across as a complaining." Yes Ross, it does, but nobody will remember this if you win again. Other names that made the cut are: SONNY SARANOW, BRIAN SANDROFF, JON SIDER, and qualifying amateurs, SETH LEVIN and DREW SOLOW.

"The field is the strongest its been in years," said tournament director Skip Nelson. "I just hope the weather hold up." The weather looks like it may turn into a Scotsman's Paradise, a wee bit misty with intermittent rays of sun. "If I could get a good grip on my club I'd be fine, but I ran out of towels," said Sonny Saranow about his round today. He fired a sloppy 24 but was happy to qualify.

Stay tuned for the conclusion of the 1999 Menominee Masters Tournament.

# 5 Year Club Welcomes New 16 Members!

Menominee has had a long life in the Northwoods and many of its founding members have been remembered in the traditional 5 years assembly. This year is no different, with many new inductees the traditions and custom is passed on.

The great thing about the 5 year club is the list can only get bigger and more profound, filled with names that may still grace the Friendly Confines or members who have left and return in spirit with every activity and day at Menominee.

Welcome to all new inductees, may you be recognized as an integral component and most of all know as a remarkable member of the Menominee family.

This year's inductees are:

BRANDON WEISS, BRETT STEIN,  
 DANIEL JACOBSON, DREW ISRAEL,  
 JON SIDER, JON DAVIDSON,  
 JUDAH KLEIN, KENNY BRENNER,  
 LOREN RUE, MITCHELL DAAR, ROBERT  
 SHERMAN, ROSS GREENSPAN, SCOTT  
 LASKY, TODD GUSTAFSON, JAY  
 BURTON, and MICHAEL MONDI.

Welcome to the Club Gentleman!

## 5 Year Night Song

Here's to Camp Menominee  
 May she love forever!  
 May we always faithful be,  
 And our bonds ne'er sever.  
 Though our troubles may be nigh,  
 Boys,  
 With our standards raised on high,  
 Boys,  
 We'll be loyal to Menominee.  
 Ever loyal to our Camp, Menominee.

Steve in his 5 jacket!

## Fisher Finishes First!

### 1999 Menominee Masters

With the dark clouds rolling in and the rain creeping up from behind, JASON FISHER made a move of his own to steal the Masters from defending champion ROSS GREENSPAN. Greenspan played steadily early, amidst the erratic play of fellow competitors Fisher and MIKE BULGATZ. Bulgatz fell off the lead early and couldn't get back. "I don't know what happened, maybe it was the pressure", he said in his press conference.

Fisher also faltered early with a double and triple bogey on holes 2 and 3, but stayed close. His length was unmatched, routinely driving 20 yards past the others but he threw away too many shots on the slick putting surface. Greenspan seemed to be headed for his second Masters victory coming into 16 with a two shot lead, until Fisher hit his third shot after his second found the beach. "It was the greatest shot in Master's Tournament history!", said tournament director SKIP NELSON, "it may be better than Watson's infamous shot at Pebble Beach." The shot, was a 20 yd bunker shot that bounced three times and charged like a bull straight into the cup for a birdie three, and with Greenspan's bogey, the two shot deficit was gone! "I never hit a shot that great in my life, it was lucky", said Fisher when questioned about what he was thinking as he stood in the bunker.

As they made their way to the 17th tee tied for the championship you could cut the tension with a knife. Fisher took a deep breath and smoked a drive down the right center of the fairway. Greenspan took no time at all and hooked it into the left trees near the out-of-bounds stakes. Unable to tell whether it rested in play or not, Greenspan hit his provisional and walked anxiously toward his ball. Amazingly it stayed a mere five feet in play, where he then breathed a sigh of relief. Both players made their way up to the hole and with a missed putt by Greenspan, Fisher took a one-stroke lead. On the par 3 18th, Fisher hit his 6-iron tee shot 12 feet past the hole and stepped back to watch his challenger. Greenspan misclubbed and came up a little short. His second shot was phenomenal and stopped 6 feet from the cup.

As Fisher lagged up, hoping to get it close for a tap in, he misjudged the soggy conditions and it stopped approximately 4 1/2 feet away from par and the Championship. Greenspan drilled home his par putt and put the pressure on the shoulders of the rookie. As the crowd nervously awaited Fisher's putt, he backed away twice to recheck his line, then finally settled in for *the* putt of his young life. "You could see his knees shake from here", said a spectator from the huge gallery. But shaking or not, Fisher proved his mettle, he sunk the putt, looked up and smiled and the tournament was history! During the post round press conference, Fisher acknowledged his family and his love of the game for helping him persevere. "I love this game", he said as he left the podium. Tournament Director Skip Nelson then spoke of the great fan support and the many sponsors that made it all possible. "the weather was tough, but the fans still found time to come out and cheer on these great competitors. We'd like to thank them and the sponsors like Gene's Canteen H2O, for their continued support, and hope to be back next year". Yes it was a tournament to remember, the rain, the rough and the incredible shots. How will they ever top this? KEEP IT IN THE SHORT GRASS!!

# Doc's Run 1999: "KATZ CAUGHT THE CREAM"

They walked, they jogged, they even skated, but it was a close-run race in the end. On Saturday August 7, 1999 the big question was-could GAVIN SPOWAGE win Doc's Run at the sixth attempt? Or would one of the International Brigade beat him to it?

Would WOODY's hamstring survive the 4-½ mile pounding? Within half an hour, the questions were answered-GAVIN, despite running his best ever time, and had to concede pride of place to a magnificent effort by MICKEY KATZ, as once again a camper outran the might of the counselors. Out on his own in third place, even after an unscheduled emergency stop, was EYAL ALKALAY, while England's pride CORKY and WOODY fought it out for fourth place.

Approaching the junction of "O" and "D", meanwhile, Gav's dad was amazed to be passed by PETER W going in the opposite direction. Having gone back to help encourage some of the younger participants, Peter still arrived home with BEN AUERBACH at 53:36. With the winner Katz, the Doc's Run beaver of 1999 was ADAM BELLOS who battled home gamely at 74:56. Well done everyone- skaters, walkers, and especially runners.

## Green Team Wins

The 1999 Green and White Competition went out with a bang with an extremely close All Camp Relay. Overall captains ERIC ISRAEL of the Green team and JEREMY EMER of the White team, respectively, lead their teams to the finish line. GORDON SPOWAGE kept the White team close with a solid and organized fire. JUDAH KLEIN and ELI GREENSPAN started both teams out strong with the long crawl from the flag-pole to home plate of the senior diamond. From then on the mighty White team lead throughout the relay. SAMMY CARL showed exceptional intensity out on the tennis courts, while TODD GUSTAFSON and BLAKE LEVIN brought their canoe in first with strength and heart. But in the end, the determination of the mighty green team enabled ERIC "HOUSE" ISRAEL to receive the balloon from BRANDT YOUNG, take a pivot, and smash on the flag pole to win the G&W competition.

The Greens finished with a time of 2:19:05 with the White team close behind at 2:21:57. With the Greens winning Vroom, the Sing, and the Relay it was easy to see that they would be the team to "bridge the gap to the 21<sup>st</sup> century", as stated in their sing presentation.

Congratulations to both teams for their courage, sportsmanship and attitude. We can only hope that future G & W competitions can compare favorably with this one.

## GREEN AND WHITE SING

As the boys lined the paths leading to Wasserman Hall it was apparent that the smiles and nervousness was legitimate. Both the Green and White teams realized the importance of this events impact on the overall G & W competition.

The overall captain for the White team JEREMY EMER, graced the stage first, a choice made after a grueling Rock, Paper, Scissors battle in the Mess Hall at diner. With the overall theme of "camaraderie", the boys reflected upon successful sport teams who have prevailed due to their loyalty and camaraderie to their team and their desires. The performance was powerful and crisp, well directed by Emer and JON DAVIDSON.

ERIC "House" ISRAEL's squad of battling baritones came in to Wass dressed in their Kawaga jerseys ready to deliver the message of leadership and especially its importance in the upcoming millennium. With their voice strong they sung their songs with poise and pride. Well directed by Israel and fellow co-directors MICHAEL GORSKY and BRANDT YOUNG.

After Buzz played the last tune and all were sitting hanging off Ted Roth's every word, the announcement was made, the 1999 winner of the Green and White Sing was the Green Team. Congratulations to all and good job guys!

## Green and White Counselor Hunt

From my vantage point high up in a pine tree over on the golf course, my view of the counselor hunt was both illuminating and limited. Swaying in the breeze under a beautiful blue sky with a golden sun setting behind the trees, I could not have been in a better position to enjoy the counselor hunt.

I took almost 10 minutes before any campers ventured my way, and when they did they were none the wiser that I was watching their every move and mentally recording their every word. Perhaps, therefore, it would be both prudent and fair to attach no names that were mentioned.

The counselor hunt is one of the quicker games we play at camp and it was all over in 1/2 an hour. Those counselor that have been at camp for a few years are worth more points than rookie guys so this year more people like JON PROVUS, GAVIN and ALLY SPOWAGE, BARRY and DAVID SCHWARTZ, TED ROTH, and DAVID DAVIDSON to name but a few, would have been well worth finding. In the event, Provus was found but the really big points, DENNIS KOZLOSKI was not.

I remained at the top of the tree throughout to watch what was left as the sun disappeared down behind the trees and so bring almost perfect closure to an exciting hunt and a great day!

## A SURPRISE MOVE MADE BY THE MASTERS COMMITTEE

The mysterious Masters Committee made up of many reclusive power brokers such as, Sir JEFF TOOMBS, JAMES HUTT, the Duke of St. Andrews, and the honorable Judge Hennick made a unique decision last night that rattled the press and players alike, the committee called out the 11 finalists to playoff for the top 3 positions. The weary players looked relaxed as they gathered around the 1<sup>st</sup> tee to learn what the order off the tee would be. "I'm happy to be here, but the aren't my bag man, my game isn't built for them", said DREW SOLOW, one only two amateurs to make the final cut.

After the first hole, SONNY SARANOW, SOLOW, and 98 Runner up MATT COOPER were eliminated. After the second hole, BRIAN SANDROFF and amateur SETH LEVIN were sent to the showers. The next hole, #3, the signature par three, is played with a blind shot to the green, leaving the players guessing to how close they really are to making the trip into Eagle River. "Hole 3 calls for a perfectly placed tee shot, you don't have any strokes to give away there", said Tournament Director SKIP NELSON. That proved to be true when 4 tied for the final qualifying spot and had to move on to the tricky 4<sup>th</sup>. MIKE BULGATZ and JASON FISHER were in, and this would be their first final, that left MATT FEINSTEIN, JON SIDER, ROBERT SHERMAN, and 1998 MASTERS CHAMPION ROSS GREENSPAN. The first off was Sherman, "I hit the worst tee shot all season and knew it was over", said Sherman after his disappointing play. Sider's tee shot ricocheted off a tree to stay in bounds and stay alive, "I was still a little shaky after that, I guess that's why I didn't hit the best shot I could", Sider said referring to his dismissal from the playoff. That left GREENSPAN and FEINSTEIN alone to duel it out. After two fine tee shots both ended with par.

Then they were off to a playoff of their own. Settling in approximately 40 yards from the pin GREENSPAN hit first and put it 9 feet from the hole, looked to the crowd and smiled. FEINSTEIN seemed confident, took one practice swing and then lofted a beautiful wedge that sailed high and straight towards the pin, but unfortunately it fell 2 feet short and GREENSPAN was back where he was a year ago! "He's a great player, best of luck to all the finalists, it should be a great match," said FEINSTEIN in his post-round press conference. "I'm excited to be in the finals again, I'm confident because I've been there before, I've proven I can win and hope to repeat!", said GREENSPAN when asked how he felt his chances were this year. "I feel like he thinks he has something to prove, and he doesn't, he's a fine player, and maybe he's made some mistakes in the past, but he's a wonderful fellow and he deserves our support", said the Masters Chairman Nelson about the controversial GREENSPAN. "We will have a fabulous final, it will surely be a memorable one!" Well, we hope so, and stay tuned to the Megaphone to find out who and where in the 1999 Menominee Masters Final Round.

**1969 - 1999**

*Thirty Years in the Menominee Family*

In June of 1969, the summer the first man landed on the moon, two callow youths reported for duty for the first time at Camp Menominee. DENNIS KOZLOSKI had traveled all the way from Rhinelander, WI, while Ally Spowage had popped over the Atlantic from Scotland. In July 1999, Ally and Koz came together for their seventh summer together, although for Koz it was his 27th summer at CM. In the meantime, both had become teachers of Physical Education, had married and had four children (both with a Jennifer and an Alison (Allyson!)) Of Koz's family Jennifer and Allyson have been on the Menominee staff, while on the Spowage side, Gavin has been a counselor for six years, Jennie was on the staff in 1997 and Gordon this year became the first camper from Scotland.

The Camp Menominee family has included many families over the years, however the Kozloski's and the Spowage's have seemed to have never left and with the contributions that both families have given, their impact will always be felt at Camp Menominee.
